**OFFERING CIRCULAR
\$35,000,000
DEBT SECURITIES**

We – The Reformed Church in America Church Growth Fund, Inc. (“**CGF**”) – are offering \$35 million of our unsecured debt securities (“**debt securities**”), which we call Term Savings Certificates and Demand Savings Certificates, to raise money primarily to make loans to current or former churches, classes, assemblies, institutions, and other agencies (and their corporate affiliates) of the Reformed Church in America (“**RCA**”). We offer Term Savings Certificates that have a fixed duration of up to ten years, and are payable at maturity if not automatically or otherwise reinvested, and Demand Savings Certificates that may be redeemed by you, in whole or in part, at any time upon at least thirty days’ prior written notice to us, subject to the availability of funds, a limitation of three transactions per calendar month and minimum thresholds per transaction. All of our debt securities are offered for any amount, subject to minimum investment thresholds and a maximum total investment limitation, each as described in “Debt Securities” on page 10. Interest rates we pay on our Term Savings Certificates are generally fixed for their term, but the available interest rates offered on new Term Savings Certificates vary from time to time. Interest rates we pay on our Demand Savings Certificates vary from time to time. The interest rates available on the date this Offering Circular was mailed are set forth on the accompanying sheet entitled “Current Interest Rates.” Current interest rates may also be obtained by calling us at 888-722-4958, emailing us at cgf@rca.org, or visiting our website at www.rca.org/cgf.

The expenses of this offering, which we expect to be less than one percent of the total offering amount, are paid from our operating funds. This offering is not underwritten and no commissions will be paid for the sale of our debt securities. As a result, we will receive 100% of the proceeds from this offering. We offer and sell our debt securities through our officers, directors and employees; there are no outside selling agents involved in this offering.

This offering is subject to certain risks described in “Risk Factors” beginning on page 2.

This Offering Circular is dated February 1, 2022, and may be used until the expiration of the periods of time authorized in the various states, which is typically twelve months.

THESE SECURITIES MAY EITHER BE REGISTERED OR EXEMPT FROM REGISTRATION IN THE VARIOUS STATES OR JURISDICTIONS IN WHICH THEY ARE OFFERED OR SOLD BY THE ISSUER. THIS OFFERING CIRCULAR HAS BEEN FILED WITH THE SECURITIES ADMINISTRATORS IN SUCH STATES OR JURISDICTIONS THAT REQUIRE IT FOR REGISTRATION OR EXEMPTION.

THESE SECURITIES ARE ISSUED PURSUANT TO A CLAIM OF EXEMPTION FROM REGISTRATION UNDER SECTION 3(a)(4) OF THE FEDERAL SECURITIES ACT OF 1933 AND SECTION 3(C)(10) OF THE FEDERAL INVESTMENT COMPANY ACT OF 1940. A REGISTRATION STATEMENT RELATING TO THESE SECURITIES HAS NOT BEEN FILED WITH THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION.

THESE SECURITIES HAVE NOT BEEN RECOMMENDED BY ANY FEDERAL OR STATE SECURITIES COMMISSION OR REGULATORY AUTHORITY. FURTHERMORE, THE FOREGOING AUTHORITIES HAVE NOT DETERMINED THE ACCURACY, ADEQUACY, TRUTHFULNESS, OR COMPLETENESS OF THIS DOCUMENT AND HAVE NOT PASSED UPON THE MERIT OR VALUE OF THESE SECURITIES, OR APPROVED, DISAPPROVED OR ENDORSED THE OFFERING. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

IN MAKING AN INVESTMENT DECISION, INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE ISSUER AND THE TERMS OF THE OFFERING, INCLUDING THE DISCLOSURE, MERITS, AND RISKS INVOLVED.

THE DEBT SECURITIES ARE NOT SAVINGS OR DEPOSIT ACCOUNTS OR OTHER OBLIGATIONS OF A BANK AND ARE NOT INSURED BY THE FEDERAL DEPOSIT INSURANCE CORPORATION, ANY STATE BANK INSURANCE FUND OR ANY OTHER GOVERNMENTAL AGENCY. THE PAYMENT OF PRINCIPAL AND INTEREST TO AN INVESTOR IN THE DEBT SECURITIES IS DEPENDENT UPON THE ISSUER'S FINANCIAL CONDITION. ANY PROSPECTIVE INVESTOR IS ENTITLED TO REVIEW THE ISSUER'S FINANCIAL STATEMENTS, WHICH SHALL BE FURNISHED AT ANY TIME DURING BUSINESS HOURS UPON REQUEST. THE DEBT SECURITIES ARE NOT OBLIGATIONS OF, NOR GUARANTEED BY, THE RCA, OR BY ANY CHURCH, CLASSIS, SYNOD, ASSEMBLY, CORPORATION, INSTITUTION OR AGENCY AFFILIATED WITH THE RCA.

NO PERSON HAS BEEN AUTHORIZED TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATION IN CONNECTION WITH THIS OFFERING OTHER THAN THOSE CONTAINED IN THIS OFFERING CIRCULAR, AND IF GIVEN OR MADE, SUCH INFORMATION OR REPRESENTATION MUST NOT BE RELIED ON AS HAVING BEEN GIVEN OR MADE BY CGF.

INVESTORS ARE ENCOURAGED TO CONSIDER THE CONCEPT OF INVESTMENT DIVERSIFICATION WHEN DETERMINING THE AMOUNT OF DEBT SECURITIES THAT WOULD BE APPROPRIATE FOR THEM IN RELATION TO THEIR OVERALL INVESTMENT PORTFOLIO, RISK TOLERANCE AND PERSONAL FINANCIAL NEEDS. THE INFORMATION IN THIS OFFERING CIRCULAR IS NOT INTENDED TO BE LEGAL, INVESTMENT OR PROFESSIONAL TAX ADVICE. EACH INVESTOR'S UNIQUE CIRCUMSTANCES—FINANCIAL AND OTHERWISE—ARE IMPORTANT FACTORS IN DETERMINING THE CONSEQUENCES OF AN INVESTMENT. FOR INFORMATION ABOUT THE LEGAL, INVESTMENT OR TAX CONSEQUENCES OF INVESTING IN DEBT SECURITIES, YOU SHOULD CONSULT YOUR OWN ATTORNEY, ACCOUNTANT OR INVESTMENT ADVISOR.

THIS OFFERING CIRCULAR DOES NOT CONSTITUTE AN OFFER OR SOLICITATION BY ANYONE IN ANY STATE IN WHICH SUCH OFFER OR SOLICITATION IS NOT AUTHORIZED, OR IN WHICH THE PERSON MAKING SUCH OFFER OR SOLICITATION IS NOT QUALIFIED TO DO SO, OR TO ANY PERSON TO WHOM IT IS UNLAWFUL TO MAKE SUCH OFFER OR SOLICITATION. NEITHER THE DELIVERY OF THIS OFFERING CIRCULAR NOR ANY SALES MADE UNDER THIS OFFERING CIRCULAR SHALL, UNDER ANY CIRCUMSTANCES, CREATE ANY IMPLICATION THAT THERE HAS BEEN NO CHANGE IN OUR AFFAIRS SINCE THE DATE OF THIS OFFERING CIRCULAR.

SUMMARY OF TERM SAVINGS CERTIFICATE TERMS	
SUMMARY OF DEMAND SAVINGS CERTIFICATE TERMS	

STATE SPECIFIC INFORMATION

Arizona, California, Idaho, Indiana, Kentucky, Michigan, Ohio, and South Dakota Residents

In Arizona, California, Idaho, Indiana, Kentucky, Michigan, Ohio, and South Dakota, our debt securities are offered only to individuals, churches, assemblies and other entities who are or were members of or contributors to the RCA, or current or former participants in a program, activity or organization that is or was a part of the RCA, or in an organization that has or had a programmatic relationship with the RCA, including previous investors. For purposes of defining eligible investors, the above reference to individuals includes each individual, as well as the immediate ancestors and descendants of that individual, and trusts and accounts controlled by or for the benefit of that individual or their ancestors or descendants.

California

In California, certificate holders are not allowed to consummate a sale or transfer of their Savings Certificate, or any interest in it, or to receive any consideration therefor, without the prior written consent of the Commissioner of Business Oversight of the State of California, except as permitted in the Commissioner's rules.

Kentucky

These securities are issued pursuant to a claim of exemption from registration under Section KRS 292.400(9) of the Kentucky Securities Act.

Automatic renewal at maturity as described in this Offering Circular is not available for Kentucky investors. We will notify in writing each Kentucky investor at least thirty (30) days before the investor's Term Savings Certificate matures, at which time the investor will have the opportunity to request repayment or notify us of an intention to renew the investment or use the proceeds to invest in another Savings Certificate. Renewal of the Term Savings Certificate is not automatic in Kentucky, but may occur only upon affirmative action by the investor. If you do not indicate an intention to renew or redeem a maturing Term Savings Certificate, the proceeds of the Term Savings Certificates will be treated and will earn interest as if they are invested upon maturity in a Demand Savings Certificate. Any renewal or reinvestment can only be made if we have an effective claim of exemption in Kentucky at the time of renewal or reinvestment.

Ohio

Pastoral Demand Savings Certificates are not available in Ohio.

South Dakota

THESE SECURITIES ARE OFFERED PURSUANT TO A CLAIM OF EXEMPTION FROM REGISTRATION UNDER SDCL 47-31B-201(7)(B) OF THE SOUTH DAKOTA SECURITIES ACT. NEITHER THE SOUTH DAKOTA DIVISION OF INSURANCE (DIVISION) NOR THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION HAS PASSED UPON THE VALUE OF THESE SECURITIES, MADE ANY RECOMMENDATIONS AS TO THEIR PURCHASE, APPROVED OR DISAPPROVED THE OFFERING, OR PASSED UPON THE ADEQUACY OR ACCURACY OF THIS OFFERING CIRCULAR. ANY REPRESENTATION TO THE CONTRARY IS UNLAWFUL.

Washington

In Washington, our debt securities are offered only to existing security holders of CGF.

SUMMARY OF THE OFFERING

This summary is provided for your convenience. Before investing, you should read this entire Offering Circular, including the attached audited financial statements (“**Financial Statements**”).

We are a New York not-for-profit corporation. We are offering debt securities called Term Savings Certificates and Demand Savings Certificates. Term Savings Certificates have a fixed duration of up to ten years, and are payable at maturity if not automatically or otherwise reinvested. Demand Savings Certificates may be redeemed by you, in whole or in part, at any time upon at least thirty days’ prior written notice to us, subject to a limitation of three transactions per calendar month and \$500 or more per transaction for regular Demand Savings Certificates and \$200 or more per transaction for Pastoral Demand Savings Certificates. There are also minimum investment thresholds and a maximum total investment limit, each as described in “Debt Securities” on page 10. The interest rates we pay on our Term Savings Certificates are generally fixed for their term, but the interest rates offered on new Term Savings Certificates vary from time to time. The interest rates we pay on Demand Savings Certificates vary from time to time. The interest rates available on the date this Offering Circular was mailed are set forth on the accompanying sheet entitled “Current Interest Rates.” Current interest rates may also be obtained by calling us at 888-722-4958, emailing us at cgf@rca.org, or visiting our website located at www.rca.org/cgf. Interest on Term Savings Certificates is paid or added to principal either quarterly, semi-annually, or annually at the election of the investor and the interest on Demand Savings Certificates is added to the principal balance of the certificate monthly. See “Debt Securities” on page 10.

No underwriters are participating in the distribution of our debt securities and no direct or indirect underwriting discounts or commissions will be paid to anyone in connection with this offering. Sales of our debt securities will be made solely through our officers, directors and employees.

You will be given the opportunity to redeem your Term Savings Certificate at maturity. If you do not elect to redeem your Term Savings Certificate at maturity, and if permitted by the law of your state of residency, your Term Savings Certificate will renew automatically upon maturity for the same term if that term is then being offered, or if that term is not then being offered, for the closest, shorter term then being offered, but generally in each case at the then current interest rate and other terms offered for our Term Savings Certificates of that term at that time.

Funds received through the sale of our debt securities are intended to be used primarily to make loans to current or former churches, classes, assemblies, institutions, and other agencies (and their corporate affiliates) of the RCA primarily to assist them in the purchase, construction, or improvement of church buildings, parsonages, or other property used in their ministry, or the purchase of land. Most of our loans are secured by a first mortgage or deed of trust, although we do also make unsecured and other types of loans on occasion. See “Lending Activities” on page 14. Some funds that are not used to make loans are used in our general operations, used to make grants, or used to maintain liquidity. See “Use of Proceeds” on page 10 and “Investing Activities” on page 16.

Summary of Select Audited Financial Information

<u>As of September 30, 2021</u>		<u>For the year ended September 30, 2021</u>	
Assets:		Statement of Activities:	
Cash and cash equivalents	\$ 9,273,465	Net operating income	\$ 2,109,725
Investments	19,495,709	Net non-operating loss	(304,965)
Beneficial interest in known pool of assets—RCA Endowment Fund	757,124	Total change in net assets	<u>\$ 1,804,760</u>
Interest receivable on mortgages and loans receivable	124,966	Debt Securities Activity:	
Mortgages and loans receivable*	57,216,216	Debt securities issued	\$ 6,222,150
Allowance for doubtful loans	(1,700,000)	Debt securities payable reinvested at maturity	\$ 10,032,038
Total assets	<u>\$ 85,167,480</u>	Reinvestment of interest in debt securities payable	\$ 530,454
Liabilities and Net assets:		Cash paid for interest on debt securities payable	\$ 197,193
Debt securities payable	\$ 34,878,929	Debt securities redeemed	\$ (6,302,521)
Other liabilities	126,087		
Total liabilities	<u>\$ 35,005,016</u>		
Total net assets	<u>\$ 50,162,464</u>		
Total liabilities and net assets	<u>\$ 85,167,480</u>		

* Mortgages and loans receivable include unsecured loans of \$622,380, which represent 1.09% of all loans. As of September 30, 2021, we had no loans that were delinquent ninety (90) days or more.

To purchase a debt security, please complete and sign the application form included with this Offering Circular and return it to us with a check payable to RCA Church Growth Fund, Inc. for the amount of your investment.

Please read the risk factors beginning on the next page.

- Not FDIC or SIPC insured
- Not a bank instrument
- No RCA guarantee

RISK FACTORS

The purchase of our debt securities involves risk. You should carefully consider the risk factors below before making a decision to invest.

Unsecured Obligations. Our debt securities are our unsecured and uninsured general debt obligations. Interest and principal repayment on our debt securities, therefore, is dependent solely upon our financial condition and operations. As a holder of an unsecured debt obligation, you will have a claim on our assets equal to those of our other unsecured creditors, including our other debt securities holders.

No Sinking or Trust Fund. No sinking fund or trust indenture has been or will be established to ensure or secure repayment of our debt securities.

Senior Secured Indebtedness. Our debt securities are of equal rank with all of our other previously outstanding and future unsecured debt obligations. The claims of secured creditors, however, would have priority over your claim. Our policy is to limit senior secured indebtedness to 10% of our tangible assets (total assets less intangible assets). As of the date of this Offering Circular, we had no outstanding senior secured indebtedness.

A prolonged economic slowdown or lengthy or severe recession could negatively affect our borrowers' ability to repay their loans. During a period of economic slowdown or recession, our borrowers may experience increased difficulty in making timely payments of principal and interest on our loans, particularly if the period is prolonged. This could result in a need to restructure some loans to provide more flexible payment terms to our borrowers or to rely upon the collateral for repayment, which may not be sufficient to satisfy all amounts owed. This could also result in a need to increase our provision for doubtful loans, which would negatively impact our profitability.

Geographic Concentration of Loans. As of September 30, 2021, approximately 31%, 14%, 9%, 8%, 6%, 6% and 6% of the outstanding principal amount of our loans receivable were owed by borrowers in Michigan, California, Iowa, Illinois, New York, New Jersey and Pennsylvania, respectively. Adverse economic conditions, a reduction in population, or the loss of purchasing power by residents in these states could correspondingly reduce the amount of contributions borrowing churches and organizations receive from their members. This, in turn, could adversely affect the ability of these borrowers to repay their loans. In addition, if real estate values were to decline in these areas due to the above factors, earthquakes, floods, droughts, other acts of nature, acts of terrorism, or any other reason, the decline could adversely affect the value of the properties serving as collateral for these loans. See also "Lending Activities" on page 14.

Collateral Value May Not Be Sufficient. We typically do not require appraisals on our collateral as part of the loan application process. Even when we do require appraisals, we do not always obtain formal appraisals. As a result, the fair value of a specific property securing a loan may be less than we believe. We do, however, typically require equity or a cash contribution to a new project equal to at least 15% of the project cost. Nonetheless, the amount outstanding on a loan could exceed the fair value of the property securing it. Accordingly, if we were to foreclose on collateral securing a loan, we may not be able to sell the property at a price sufficient to satisfy the debt it secured. Historically, we have never sold collateral for less than the loan balance it secured.

Borrowers Supported by Voluntary Contributions. Our loans are made to current or former churches, classes, assemblies, institutions, and other agencies (and their corporate affiliates) of the RCA. In most instances, the ability of those borrowers to repay their loans will depend upon contributions they receive from their members. Both the number of members of a borrower and the amount of contributions made to a borrower may fluctuate, which could adversely affect its ability to repay its loan. Membership or contributions may fluctuate for a number of reasons, including, but not limited to, the strength of the economy, the economic health of major employers in the area, population shifts in the region where the borrower is located, or changes in the leadership of the borrower. The inability of our borrowers to make timely payments on their loans would adversely affect our ability to make interest and principal payments on our debt securities. See "Lending Activities" on page 14.

Financial Condition of Issuer. Our annual operating income would not be sufficient to meet all interest and principal repayment requirements in the event that all maturing debt securities were redeemed at maturity. We may, therefore, be dependent upon principal repayments on our outstanding loans, the sale of new debt securities, the availability of capacity on our line of credit, or the sale of some of our investments in order to repay maturing debt

securities. If our borrowers are unable to make principal repayments on their loans, or if our sales of new debt securities decline, our ability to repay the debt securities will be adversely affected.

Requests to Redeem Our Debt Securities Could Exceed Available Funds. As of September 30, 2021, \$15,203,729 of our Term Savings Certificates were scheduled to mature in the fiscal year ending September 30, 2022, and we had \$9,181,500 of outstanding Demand Savings Certificates, each of which would be payable upon 30 days' notice of redemption by our investors. As of that same date, we had funds available in cash, cash equivalents, and liquid invested funds totaling \$28,769,174, representing approximately 82% of the total principal amount of our outstanding debt securities, and an unsecured \$5,000,000 line of credit from PNC Bank for the purpose of providing additional liquidity if necessary. Notwithstanding these resources, it is possible that future redemption requests could exceed our available funds, making it difficult for us to honor all redemptions. If this happens, we might be required to sell or liquidate assets, including our loans receivable. We cannot assure you that we would be able to sell or liquidate assets on a timely basis, or that the proceeds from such a sale or liquidation would cover all requests to redeem our outstanding debt securities at maturity or otherwise.

Our Ability to Repay Debt Securities Will Be Subject to the Availability of Funds. If we have insufficient liquid assets or available credit to repay your Term Savings Certificate when it matures or your Demand Savings Certificate within thirty days of your notice of demand, you will not be repaid unless and until we have sufficient cash to do so. Nonpayment of a debt security when due will constitute a default, but only as to that debt security. Furthermore, in the event of a default in the payment of interest only, you will have no right to accelerate payment of your debt security's principal amount. Historically, we have never failed to make an interest or principal payment on our debt securities on time. We have a policy requiring us to maintain liquid assets equal to 10% of outstanding Term Savings Certificates, and 15% of outstanding Demand Savings Certificates. There can be no assurance, however, that these policies will be continued in the future or that we will be able to maintain cash, cash equivalents and invested funds in accordance with these policies.

Historical Renewal Rates May Not Continue. For the years ending September 30, 2021, 2020, and 2019, 79%, 84%, and 59%, respectively, of the aggregate principal amount of our maturing Term Savings Certificates were reinvested back into Term Savings Certificates. The decreased renewal rate in 2019 was in large part due to an anticipated significant redemption by a church for constructing a new facility. We cannot guarantee that this historical rate of renewal will continue. If significantly more investors redeem their Term Savings Certificates at maturity, or if a significant amount of Demand Savings Certificates are redeemed in a short period of time, we could have difficulty repaying our Term Savings Certificates when they mature or our Demand Savings Certificates upon demand. See "Debt Securities – Outstanding Debt Securities" on page 13 for information on our maturing debt securities.

Not Comparable to a Commercial Lender. We only loan funds to current or former churches, classes, assemblies, institutions, and other agencies (and their corporate affiliates) of the RCA. The interest rates for those loans may be at or below the rate of interest charged by commercial lenders at the time of the loan. On occasion, we may make an exception to our loan policies to permit a loan to a borrower if there are other compensating factors. In addition, because of our relationship with our borrowers, we may accommodate partial, deferred or late payments from our borrowers, and may restructure or refinance loans in situations where a typical commercial lender would not. Accordingly, we may make loans to borrowers who are not able to secure financing from commercial lenders. In the fiscal years ended September 30, 2021, 2020, and 2019, we restructured two loans, four loans, and two loans, respectively, with aggregate principal balances of \$1,070,496, \$4,270,066, and \$3,239,225 as of those dates to accommodate the borrower's financial condition. See "Lending Activities" on page 14.

Special Purpose Collateral. Property securing our loans is generally considered special purpose property and typically has a limited resale market. If we were to foreclose on collateral securing a loan, we may not be able to sell the property promptly or at a price sufficient to satisfy the debt it secured. Historically, we have never sold collateral for less than the loan balance it secured.

Not All Loans Secured. The loans we make historically have been secured by a first lien on the real property purchased, constructed or improved with the funds provided by the loans. Some of our loans, however, are unsecured or may be secured by a pledge of personal property or by a junior lien. The absence of adequate collateral for these loans may increase the likelihood of not collecting them in full. See "Lending Activities – Unsecured Loans" on page 15.

Construction Loan Risks. Many of the loans we make are used for the construction of new facilities or the renovation of existing facilities. There may not be a fixed-price construction contract for this work and the contractor may not post a completion bond. In addition, possible delays in completion may occur due to, among other things, shortages of materials, possible strikes, acts of nature, delays in obtaining necessary building permits or architectural certificates, environmental regulations or fuel or energy shortages. We may not obtain architectural certifications, or lien waivers for smaller loans, prior to the disbursement of partial or final construction payments, and we may rely instead on the representations of the borrower. If these representations are incorrect, we may advance more money than is warranted by the construction completed or the lien waivers obtained. Substantial increases in construction costs or delays in or failure to complete construction could adversely affect the borrower's ability to repay its loan and the value of the collateral securing the loan.

Right to Change Policies. At various points in this Offering Circular we describe our policies, such as our loan policies described on page 15 and our investment policies described on page 16. These descriptions are intended to help you understand our current operations. We reserve the right to change our policies and procedures generally, including our loan and investment policies.

No Market or Transferability; No Right to Early Redemption of Term Savings Certificates; Early Redemption Fee. There is no public market for our debt securities and none is expected to develop. Our debt securities, once issued, are ordinarily not transferable. Further, unless we make an exception or offer different terms on a periodic or promotional basis, investors have no right to redeem our Term Savings Certificates prior to their maturity, and if we permit an early redemption, we may assess an early redemption fee. As of the date of this Offering Circular, that fee was equal to 90 days of interest. Investors who purchase our Term Savings Certificates through their IRA or other retirement account should be aware that they may not be able to provide for minimum distributions that may be required by those accounts if interest earned on our Term Savings Certificates is insufficient to make those payments and there are not enough other liquid assets in the account to do so. See "Debt Securities – Retirement Accounts" on page 12. Accordingly, prospective investors should view their purchase of our Term Savings Certificates as an investment of the full amount for its full term. See "Debt Securities" on page 10.

Individual Retirement Accounts. A self-directed Individual Retirement Account ("IRA") may invest in our debt securities if permitted by the IRA trustee or custodian. A self-directed IRA is an individual retirement account that allows the holder the option of selecting investment vehicles for the IRA account. Investors who invest through their IRA should consider whether the investment is in accordance with the documents and instruments governing the IRA; whether there is sufficient liquidity in the IRA should the IRA's beneficiary need to take a mandatory distribution; and whether the investment could constitute a non-exempted prohibited transaction under applicable law. Consultation with a competent financial and tax adviser is recommended. See "Debt Securities – Retirement Accounts" on page 12.

Book Value May Not Equal Actual Value. The book value of our financial instruments and other assets set forth in this Offering Circular and our Financial Statements may not reflect the actual value we would receive in a sale of these assets. From time to time, we may sell certain assets to provide liquidity or for other purposes. See "Investing Activities" on page 16.

Investment Risks. Any assets we invest directly or indirectly are subject to various market and investment risks that may cause us to incur losses if investment values decline. Our investments include both fixed income and equity securities. This risk also applies to assets we invest in the Reformed Church in America Endowment Fund ("RCA Endowment Fund"). To be faithful to the values of the RCA, we may limit our investments in companies that produce products or engage in activities we believe are inconsistent with the values of the RCA. Our investment portfolio may include socially responsible investments. This may impact the relative financial performance of our investment portfolio compared to performance that may have been achieved if we had not followed any socially responsible investment restrictions. For information regarding our investment results and a general discussion of our investment policies, see "Investing Activities" on page 16. Our past investment performance does not indicate how our investments will perform in the future.

Sale of Additional Debt Securities in Other Offerings. We expect to sell additional debt securities in other offerings. The total amount of up to \$35,000,000 to be sold in this offering is not a limitation on the amount of Term Savings Certificates, Demand Savings Certificates, or other debt securities we may sell in other offerings we may conduct at any time. We have sold our debt securities in other offerings in prior years and anticipate that we will

continue to make additional offerings of our Term Savings Certificates, Demand Savings Certificates, or other debt securities as part of this continuous offering process.

No RCA Guarantee. Neither the RCA nor any of its agencies, assemblies or institutions, including the General Synod Council of the Reformed Church in America (“GSC”), have guaranteed the repayment of our debt securities. You must rely solely on the assets and cash flow from operations of the CGF for repayment.

Not FDIC or SIPC Insured. Our debt securities are not certificates of deposit or deposit accounts with any bank, savings and loan association, credit union or other financial institution regulated by state or federal authorities, and they are not FDIC insured. In addition, our debt securities are not protected by the Securities Investor Protection Corporation or any other federal or state authority, regulatory agency, or any other person or entity. Furthermore, the risks of investment in our debt securities may be greater than implied by the interest rates paid on them. Our debt securities are subject to investment risks, including the possible loss of principal invested.

Our Collateral May Be Uninsured or Inadequately Insured. It is generally our policy to require evidence of property and liability insurance in an amount sufficient to cover our loans at the time they are made. There is a chance, however, that continuing insurance coverage may become unavailable or prohibitively expensive, may be limited, or may be terminated or lapse. As a result, the buildings and other improvements that secure our loans may be uninsured or inadequately insured by the borrower. Accordingly, if fire or other casualty damages our collateral, we may not be able to recover against it. We do, however, carry mortgage impairment insurance that is intended to pay off our loan in the event of uninsured casualty damage to our collateral.

Federal and State Laws. Future changes in federal or state laws, rules, or regulations regarding the sale of debt obligations of religious, charitable, or other non-profit organizations may make it more difficult, costly, or even impossible for us to offer and sell our debt securities in the future. This could limit or eliminate your ability to buy our debt securities or reinvest the proceeds of your maturing debt security, and, consequently, our ability to repay our maturing debt securities could be adversely affected. Further, while we strive to comply with all applicable laws, if we find that we have not done so in all cases, it is possible that we may be subject to future regulatory actions, which could include fines, orders or the institution of repurchase offers.

Concentration of Investors. As of September 30, 2021, approximately 30%, 20%, 15%, 11%, and 5% of the outstanding principal amount of our debt securities were owned by investors in Michigan, New York, Iowa, New Jersey, and Illinois, respectively. Adverse economic conditions in these states could correspondingly result in decreased reinvestment rates for maturing debt securities in these states and increased requests for redemptions of outstanding debt securities. In addition, as of that same date, \$8,500,110 or 24% of our debt securities were held by 10 investors who each held more than \$500,000 in our debt securities, all of whom were churches or affiliated agencies. Decreased reinvestments or increased redemptions by these large investors or the geographically concentrated investors could adversely affect our liquidity, our ability to operate our loan programs, and ultimately our ability to repay our debt securities. We did, however, have funds available in cash, cash equivalents, and liquid invested funds totaling \$28,769,174, representing approximately 82% of the total principal amount of our outstanding debt securities as of that same date. See also “Debt Securities” on page 10.

Purpose Tied to RCA Objectives. While we are a separate corporation, we are closely affiliated with other agencies, assemblies and institutions in the RCA and exist primarily to assist the GSC by making loans to current or former churches, classes, assemblies, institutions, and agencies (and their corporate affiliates) of the RCA and by making grants to the GSC for the purpose of funding church multiplication, revitalization endeavors, and middle school through post college young adults scholarships to support volunteer opportunities, advocacy experiences, and mission internships (“**Next Generation Missional Engagement Fund**”). See “History and Operations” on page 9, “Use of Proceeds” on page 10, and “Management” on page 20. Because our purposes are so closely related to the mission and ministry of the RCA in general and the GSC in particular, our actions may not be entirely independent, and may be influenced by the direction set for the RCA by the General Synod of the Reformed Church in America (“**General Synod**”) from time to time (which direction is in turn implemented by the GSC in its role as the General Synod’s executive committee).

Our Term Savings Certificates Renew Automatically. Although we will notify you when your Term Savings Certificate is about to mature, if you do not inform us in writing by the date of maturity that you want to redeem the Term Savings Certificate, we will automatically reinvest the principal and accrued interest in a new Term

Savings Certificate of the same or similar term (if permitted to do so under the laws of your state of residency) and generally at the interest rate and other terms then in effect for our Term Savings Certificates of that term.

Fluctuation in Interest Rates; Unmatched Terms to Maturity; Liquidity Risk. Interest rates may vary in the future. Investors should be aware that should interest rates rise, investors in Term Savings Certificates will generally not have the right to redeem their Term Savings Certificate prior to its maturity for the purpose of purchasing higher yielding instruments. Further, if we permit an early redemption of a Term Savings Certificate, we may assess an early redemption fee. As of the date of this Offering Circular, that fee was equal to 90 days of interest. On occasion, we may offer investors the option to adjust the interest rate on their outstanding Term Savings Certificates, such as to the rate then being offered for newly issued Term Savings Certificates of the same duration. The decision to offer this option and any related conditions or terms will be subject to our sole discretion. In the event interest rates fluctuate, our net income may be impacted positively or negatively depending on the relative mix of our outstanding loans and debt securities. In periods of time when we are unable to obtain an average return on our investments and loans that is greater than our average interest payment obligations, our financial condition, and therefore our ability to repay our debt securities, would be negatively impacted.

Liquidity Risk. Our loans receivable have an average term to maturity that is significantly longer than the average maturity term of our outstanding Savings Certificates, including some Demand Savings Certificates which are payable within 30 days' of demand for repayment. As a result, the liquidity of our assets is not matched to the potential liquidity demands necessary for the repayment of our debt securities. If a significant number of investors did not reinvest their Term Savings Certificates upon maturity, or if a significant amount of Demand Savings Certificates were redeemed within a short amount of time, we could have difficulty repaying our Term Savings Certificates when they mature or our Demand Savings Certificates upon demand. See "Debt Securities – Outstanding Debt Securities" on page 13 for information on our maturing debt securities.

Potential Environmental Liability. We do not typically conduct a complete environmental audit before approving a loan, although it is our policy to obtain a completed environmental questionnaire from our borrowers when their loan will be secured by real estate. If environmental pollution or other contamination is found on or near property securing a loan, we could, in some cases, face environmental liability or our security for the loan could be impaired. In addition, changes in environmental regulations could require the borrower to incur substantial unexpected expenses to comply with such regulations, and this could impair both the value of the collateral and the borrower's ability to repay us. If we foreclose on property containing environmental waste, we could be assessed substantial clean-up costs and penalties as an owner of that property, as would any lender in a similar situation. Under various federal, state and local environmental laws, ordinances and regulations, a current or previous owner or operator of real estate may be required to investigate and clean up hazardous or toxic substances or petroleum products released at the property, and may be held liable to a government entity or to third parties for property damage and for investigation and clean-up costs incurred by these parties in connection with the contamination. The costs of investigation, remediation or removal of these substances may be substantial, and the presence of these substances, or the failure to properly remediate the property, may adversely affect the borrower's ability to sell or rent the property or to borrow using the property as collateral. In addition, some environmental laws create a lien on the contaminated site in favor of the government for damages and costs incurred in connection with the contamination. Persons who arrange for disposal or treatment of hazardous or toxic substances may also be liable for the costs of removal or remediation of these substances at the disposal or treatment facility. Finally, the owner of a site may be subject to common law claims by third parties based on damages and costs resulting from environmental contamination emanating from a site.

There Are Differences Within the RCA Regarding Theology and Ministry Practices. As a way to address these issues and the disagreement surrounding them within the denomination, the General Synod in June 2018 appointed a vision team to identify possible scenarios, strategies, and consequences for the following three future options for the RCA: (a) staying together, (b) radical reconstituting and reorganization of the denomination, or (c) grace-filled separation of the denomination. The vision group presented a report to the General Synod in October 2021, which passed recommendations to, among other things, (1) appoint a team to develop a restructuring plan for the denomination, and (2) detail provisions for mutually generous separation when churches leave the RCA. Depending on how our borrowers and investors view General Synod's actions, including the ultimate development of a restructuring plan, there remains the possibility that some churches borrowing from us may leave the RCA and pay off loans, that we or the borrower's classis may not approve continuance of the loans of one or more churches that leave the RCA, or that our historic rates of making new loans may not continue, each of which could result in decreased operating income. Likewise, there is a possibility that some investors may choose to redeem their debt securities, either immediately if they hold Demand Savings Certificates, or upon maturity if they hold Term Savings Certificates,

or that our historic rates of sales of new debt securities may not continue. Decreased reinvestments or sales or increased redemptions could affect our liquidity, our ability to operate loan programs, and our ability to repay our debt securities.

Liability for Debts of the RCA. As a separate corporation in the RCA, we are generally not liable for claims against any of the RCA's other agencies, assemblies or institutions. It is possible, however, that in the event of claims against any of the RCA's other agencies, assemblies or institutions, the claimants might contend that we also are liable. See "History and Operations – Relationship to the RCA; Related Party Transactions" on page 9 and "Investing Activities" on page 16.

No Right to Participate in Management. Purchasing a debt security will not give you voting rights or any other rights to participate in our management.

Investor's Tax Consequences. Interest paid or payable on our debt securities will be taxable as ordinary income to you, regardless of whether interest is paid or accrued. See "Tax Aspects" on page 19.

We May Redeem Debt Securities Prior to Their Maturity. We reserve the right to redeem our outstanding debt securities. See "Debt Securities – Prepayment" on page 13.

You May Not Be Able to Add to, or Reinvest in, Debt Securities. While we intend to maintain all required securities registrations and exemptions, we are not now registered or exempt in all states and our debt securities may not continue to be registered or exempt in the states where we currently sell debt securities. Accordingly, you may not be able to invest additional amounts in your debt securities or reinvest the proceeds of your maturing Term Savings Certificate with us if you live in a state where our debt securities are not registered or exempt at the time of the attempted addition or reinvestment. In addition, we are not obligated to accept any investment.

Our Ability to Foreclose on Collateral May Be Limited. Our remedies as a creditor upon default by any of our borrowers are subject to limitations and borrower protections imposed under various laws, regulations and legal principles that provide protections to borrowers. Our legal and contractual remedies, including those specified in our commitment letters, promissory notes, mortgages and deeds of trust, pledge agreements and other loan documents (collectively, "**Loan Documents**"), typically require judicial actions, which are often subject to discretion and delay. Under existing law (including, without limitation, the Federal Bankruptcy Code), the remedies specified by our Loan Documents may not be readily available or may be limited. A court may refuse to order the specific performance of the covenants contained in the Loan Documents. In addition, the laws of a particular jurisdiction may change or make it impractical or impossible to enforce specific covenants in the Loan Documents.

Collateral May Be Impaired. The various security interests established under our Loan Documents will be subject to other claims and interests that may reduce or eliminate the value of collateral to us. Examples of these claims and interests are statutory liens; rights arising in favor of the United States, or any agency thereof; constructive trusts or equitable liens otherwise imposed or conferred by any court, including the exercise of its equitable jurisdiction; and federal bankruptcy laws or bankruptcy laws of another jurisdiction affecting amounts earned by the borrower after institution of bankruptcy proceedings by or against the borrower.

Reliance on Tax-exempt Status of the General Synod. We are exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended ("**Internal Revenue Code**") pursuant to our inclusion in the General Synod's group exemption ruling issued by the Internal Revenue Service. We are subject to federal income tax on any unrelated business taxable income and we and the General Synod are subject to a number of requirements affecting our operations in order to receive and maintain tax-exempt status. If we or the General Synod at any time fail to qualify for tax-exemption under Section 501(c)(3) of the Internal Revenue Code, that failure could affect the funds available for payment to investors by limiting our ability to continue selling debt securities under otherwise applicable securities law exemptions and by subjecting us to federal or state income taxation.

Volatility of Current Economy. Given the volatility of current economic conditions, the values of our assets and liabilities could change, resulting in future adjustments in asset values, the allowance for doubtful loans or net assets.

We Utilize Digital Technologies in Our Operations. We utilize digital and cloud-based technologies and services in our operations, many of which are provided by third party vendors. We rely upon these vendors and these technologies and services for maintaining, processing, delivering, transmitting, and storing proprietary data and other

records related to our business. This data includes confidential customer information. Unauthorized disclosure of this information could lead to loss of faith in our ability to protect confidential information and therefore harm our ability to retain customers, borrowers and investors and gain new ones. Storing and delivering electronic data has inherent risks, including, without limit, intentional or unintentional unauthorized access to data, data theft, temporary or permanent loss of data, and hardware and software failure. While we and our vendors have taken steps to protect against these risks, due in part to the evolving nature of these risks there is no guarantee these measures will be 100% effective in safeguarding the electronic data we maintain or the services we utilize, and they may be insufficient, circumvented, or become obsolete. Our insurance coverage may not be adequate to cover all the costs related to cyber incidents or disruptions resulting from such events. If you choose to utilize our digital services, including our online access, we can offer no assurances or make any warranties as to the accuracy, availability and security of such technologies or the data contained therein.

We utilize the services of Blackbaud Inc. (“**Blackbaud**”), a third-party cloud services company that provides database solutions and payment processing services to nonprofit organizations. In May, 2020, Blackbaud experienced a cybersecurity incident that resulted in the compromise of one of our investor’s bank account information. We have notified the investor, and Blackbaud has assured us that they “have no reason to believe that any data went beyond the cybercriminal, was or will be misused; or will be disseminated or otherwise made available publicly” and that they “have already implemented changes to prevent this specific issue from happening again.” See <https://www.blackbaud.com/securityincident> for additional information about this incident.

The Outbreak of the Novel Strain of Coronavirus, SARS-CoV-2, Which Causes COVID-19, Could Adversely Impact Our Business. The ongoing coronavirus situation and the related warnings, advice, guidance, and mandates of government authorities and infection disease experts, including restrictions on travel and in-person meetings and preferential or protective government actions, could interrupt our key activities, limit our employee resources, increase our use of digital technologies and the risks associated with them, and have a material adverse impact on our operations (including operations provided by third-party vendors), financial condition (including cash flow, liquidity, loan repayments, collateral values, loan defaults, loan loss reserves, and investment performance), compliance with loan covenants, and financial results. Historically, we have never failed to make an interest or principal payment on our debt securities on time. The coronavirus situation has resulted in significant financial market volatility and uncertainty, and we are exposed to the risks of an economic recession, market volatility, and economic and financial crisis. For information regarding our liquidity policy, investment results and a general discussion of our investment policies, see “Investing Activities” on page 16. The coronavirus situation and any resultant economic recession or other severe economic disruption in the U.S. or a particular region may also result in decreased contributions to our borrowers, with whom we have a relationship that may differ from commercial lenders, and could adversely affect their ability to fulfill their obligations to us and the value of our collateral. We have and may again defer loan payments, allow interest-only payments, or make other loan payment relief options to accommodate our borrowers, and these accommodations could negatively impact our operations. See Note 2 of our Financial Statements for more information on these payment relief options. Historically, we have never sold collateral for less than the loan balance it secured. See “Lending Activities—Loans Outstanding” on page 14 for more information on our outstanding loans.

Due to the speed with which the coronavirus situation continues to develop and the unknown duration and severity of the event, the extent to which the event may impact our business will depend on future developments, which are highly uncertain and cannot be predicted with confidence, such as the ultimate geographic spread of the disease, the duration of the outbreak, travel restrictions and actions to contain the outbreak or treat its impact, such as social distancing and quarantines or lock-downs, business closures or business disruptions, the effectiveness of actions taken to contain and treat the disease, and the overall impact on the economy as well as on our borrowers and investors.

This Offering Circular contains forward-looking statements about our plans, strategies, objectives, goals and expectations. These forward-looking statements are identifiable by words or phrases indicating that we “expect,” “anticipate,” “project,” “plan,” “believe,” or “intend” that a particular event may or will occur in the future or similarly stated expectations. These forward-looking statements are subject to many factors, including the risks above, which could cause actual results to differ materially from the stated expectations. We undertake no obligations to update or revise any forward-looking statement to reflect developments or information obtained after the date of this Offering Circular.

HISTORY AND OPERATIONS

General

We are a New York not-for-profit corporation originally incorporated in 1958 as The Reformed Church in America - Extension Foundation, Inc. We changed our name in 1994 to The Reformed Church in America Building and Extension Fund, Inc. and again in 2007 to The Reformed Church in America Church Growth Fund, Inc. While we are a separately-governed legal entity, we are affiliated with the General Synod, which elects our Board of Directors. See “Management” on page 20.

We are organized and operated exclusively for religious and charitable purposes and are a tax-exempt entity under Section 501(c)(3) of the Internal Revenue Code. No part of our net earnings inures to the benefit of any person. We do not have members or shareholders. Unlike a for-profit corporation, we seek primarily to fulfill our charitable mission rather than focus on maximizing or increasing profits. Nonetheless, we believe that maintaining certain financial condition benchmarks and achieving reasonable levels of profitability are important for the long-term interests of our organization and our stakeholders.

We were formed primarily to assist RCA congregations in the purchase, construction, or improvement of church buildings, parsonages, and other property used in their ministry, or the purchase of land, and we continue in this mission today. We provide assistance primarily in the form of loans, but also through grants to the GSC for the funding of church multiplication, revitalization endeavors, and the Next Generation Missional Engagement Fund. Although most loans are made directly to current or former RCA churches, loans may also be made to classes and other assemblies, institutions, and agencies (or their corporate affiliates) of the RCA.

The funds we use to make loans and grants come from (a) our operations, including interest earned on the loans we make and interest and dividends received on our investments, (b) gifts and bequests, and (c) the sale of our debt securities. Information about our debt securities can be found in “Debt Securities” on page 10; information about our lending activities can be found in “Lending Activities” on page 14; information about our investment activities can be found in “Investing Activities” on page 16; information about our management can be found in “Management” on page 20; and information about our grants can be found below.

We operate primarily out of two offices located at 612 8th Street SE, Orange City, Iowa 51041, with a telephone number of 888-722-4958; and 4500 60th Street SE, Grand Rapids, Michigan 49512, with a telephone number of 616-698-7071. We also have an office at 475 Riverside Drive, Suite 1606, New York, New York 10115.

Personnel in our Orange City office are responsible for answering questions prospective investors may have about our debt securities or this offering, for managing all aspects of our loan operations, for processing loan payments and investments in Savings Certificates, for distributing offering materials, and for managing our outstanding debt securities. Personnel in our Grand Rapids office are responsible for management, development, accounting and other financial operations for the CGF (other than loan payment processing).

Relationship to the RCA; Related Party Transactions

Although we are a separate not-for-profit corporation, we function as a part of the RCA under the ultimate ecclesiastical supervision of the General Synod through the GSC. We have a close working relationship with the GSC based on our primary purpose of supplementing and assisting the GSC through the making of loans to current and former RCA churches and other assemblies, institutions, and other agencies (and their corporate affiliates); and the making of grants to the GSC for the purpose of funding church multiplication, revitalization endeavors, and the Next Generation Missional Engagement Fund; and the *ex officio* position of the General Secretary of the RCA on our Board of Directors. See “Management” on page 20. As a result, our mission and purpose are unavoidably intertwined with those of the RCA and its agencies, assemblies and institutions, and we have numerous relationships with these parties. Those relationships include the sharing of certain employees (see “Management” on page 20); the service of some of our board members on the GSC audit subcommittee and investment advisory committee; the participation of a board member as a corresponding delegate to the General Synod’s annual meeting; our investments in the RCA Endowment Fund, the GSC’s management of those assets, and the potential for the GSC, participants in GSC, and other RCA classes, agencies and affiliates to invest in our debt securities (see “Investing Activities” on page 16); the potential for the RCA 403(b) Retirement Program, which is operated by The Board of Benefits Services of the Reformed Church in America, Inc. (“BOBS”), to invest in our debt securities; the making of grants to churches and the GSC (see below); the sharing of office space, office supplies, computers and other office resources; and the provision of various services

to us by the GSC, such as development and promotional services, computer support, accounting and other financial services, and combined purchasing of supplies, printing and similar services. For the year ending September 30, 2021, we paid \$84,665 to the GSC as reimbursement for these services. LaFleur & Godfrey LLC (“L&G”) managed approximately \$1,000,000 of our investment funds until the account was closed in March 2021; one of the partners of L&G also served as a member of the GSC investment advisory committee through June 30, 2020. We paid L&G \$1,881 and \$2,597 in fees to manage those funds during the years ending September 30, 2020 and 2019, respectively.

We also have Savings Certificates outstanding to agencies, churches, assemblies and institutions of the RCA and to their and our employees, officers and directors, or their family members, each on the same terms as are available generally at the time of purchase. It is our policy to limit the amount a member of our Rate Setting Committee may invest in our Savings Certificates. Some of our board members and officers may be members of, or serve in a leadership role in, their local churches, although we do not consider these affiliations strong enough to constitute related party transactions when considering making loans to those churches. Any such loan is extended on the same terms and conditions as other loans. Our board members may perform services for us on an arms-length basis in the ordinary course of business, with compensation paid at or below market rates. Finally, we may issue a debt security to BOBS for the RCA 403(b) Retirement Program, which will have a variable interest rate and will not be available to other investors.

Grants

To fulfill our purpose of making grants to the GSC for the funding of church multiplication, revitalization endeavors, and the Next Generation Missional Engagement Fund, we have adopted a policy of giving a portion of our net income to the GSC on an annual basis. These uses are not directly related to our operations. At various points in the past the amount of these grants has been either a fixed sum or based on a formula. For our fiscal year ending September 30, 2021, we made grants to the GSC of \$780,000 for the purposes described above. As of the date of this Offering Circular, we anticipate making an unspecified amount of grants to the GSC for church revitalization, the Next Generation Missional Engagement Fund, and church multiplication endeavors, with the total of all grants being up to 50% of our net income for our fiscal year ending September 30, 2022, less excluded items. Excluded items include Canadian exchange adjustments, loan loss reserve adjustments, and unrealized gains/losses on endowment investments. We expect to make similar grants for similar purposes in subsequent years. We may also make other grants from time to time at the discretion of our Board of Directors.

USE OF PROCEEDS

Proceeds received from the sale of our debt securities are added to our general funds, which are used primarily to make loans to current or former churches, classes, assemblies, institutions, and agencies (or their corporate affiliates) of the RCA primarily for the purchase, construction, or improvement of buildings, parsonages, or other property used in their ministry, or the purchase of land, and to pay our operating costs. Proceeds also may be used to pay interest and principal on debt securities, to maintain liquidity, to cover operating expenses, to fund grants for church multiplication, revitalization endeavors, and the Next Generation Missional Engagement Fund, and to reimburse the GSC for providing various services to us.

DEBT SECURITIES

General Terms

We have issued debt securities since 1958. All sales of our debt securities are for cash and we do not offer financing terms. We offer Term Savings Certificates that have a fixed duration of up to ten years from the date of issuance, and are payable at maturity if not automatically or otherwise reinvested. We also offer Demand Savings Certificates that may be redeemed by you, in whole or in part, at any time upon at least thirty days’ prior written notice to us, subject to availability of funds, a limitation of three transactions per calendar month and \$500 or more per transaction. While the general terms of our debt securities are described below, we reserve the right to vary the terms of our debt securities from time to time for promotional or other purposes.

Minimum Investment

Generally, the minimum investment in one of our Term Savings Certificates or Pastoral Demand Savings Certificates is \$1,000, and the minimum investment in one of our regular Demand Savings Certificates is \$10,000, though we may waive or vary these requirements from time to time in our discretion. Our debt securities are available

for any amount in excess of these minimums, subject to the limitations on investments held by a single investor described below, except that the maximum investment by a single investor in our Pastoral Demand Savings Certificates is \$100,000, though we may waive or vary this requirement from time to time in our discretion. Debt securities that are issued to replace maturing Term Savings Certificates may be issued in amounts that are less than the then effective minimum investment amount, as long as all proceeds of the maturing Term Savings Certificate are reinvested. If the balance of a Demand Savings Certificate falls below the then effective minimum investment amount, we may redeem that Demand Savings Certificate at our discretion.

Maximum Investment by a Single Investor

It is our policy to not issue a Term Savings Certificate or Demand Savings Certificate that would cause a single investor to (a) hold more than 10% of the aggregate principal balance of all of our debt securities that would be outstanding immediately upon the effectiveness of the applicable investment, or (b) hold debt securities maturing in any twelve month period with an aggregate principal balance equal to more than 5% of the aggregate principal balance of all of our debt securities that would be outstanding immediately upon the effectiveness of the applicable investment. We have, however, made exceptions to this policy in the past on a case by case basis. It is our policy that funds equal to the amount of Certificates held by a single investor with an aggregate amount of \$1,000,000 or more and maturity dates within 90 days will be segregated and invested into securities allowed by our investment policy with a maturity date not later than the maturity date of the Certificates. For a description of our investment policy, see “Investing Activities” starting on page 16.

Jumbo Term Savings Certificates

We refer to Term Savings Certificates issued for \$100,000 or more as Jumbo Savings Certificates, though we may vary this threshold from time to time. Jumbo Savings Certificates have all of the same terms as our regular Term Savings Certificates, except we may offer a different interest rate for these types of Certificates or we may negotiate a different interest rate for these types of Certificates with the investor.

Pastoral Demand Savings Certificates

Investors who are ordained or commissioned pastors in the RCA and who are actively involved in ministry may purchase Pastoral Demand Savings Certificates, which are a type of Demand Savings Certificate with all the same terms as our regular Demand Savings Certificates except that they have a lower initial investment requirement and minimum balance of \$1,000, a lower minimum additional investment amount of \$200, a maximum investment balance of \$100,000, and generally earn higher interest rates. Current interest rates for Pastoral Demand Savings Certificates are published on our “Current Interest Rates” sheet, and we may modify these rates and the other investment and transaction requirements from time to time in our discretion.

Interest Rates

Interest rates we pay on our Term Savings Certificates are generally fixed for their term, but the available interest rates offered on new Term Savings Certificates vary from time to time. Interest rates we pay on our Demand Savings Certificates vary from time to time. The interest rates available on our debt securities as of the date this Offering Circular was sent to you are set forth on the “Current Interest Rates” sheet that accompanied the Offering Circular. Current interest rates may also be obtained by calling us at 888-722-4958, emailing us at cgf@rca.org, or visiting our website at www.rca.org/cgf. We also may publish our available interest rates from time to time in publications or on websites that serve members of the RCA. Our debt securities begin earning interest from the date of purchase. Interest on Term Savings Certificates is paid to the investor or, at the investor’s option, added to the principal balance of the debt security, each at either quarterly, semi-annual, or annual intervals as selected by the investor at the time of the initial investment in the Term Savings Certificates. Interest on Demand Savings Certificates is added to the principal balance of the debt security monthly.

On occasion, we may also allow investors holding one or more types of Term Savings Certificates to adjust the interest rate on their outstanding Term Savings Certificates, such as to the interest rate then being offered on newly-issued Term Savings Certificates of the same duration or some other promotional rate. The decision to offer these special terms or promotions, and the other conditions and terms on which they are offered, will be determined in our sole discretion.

Retirement Accounts

Our Term Savings Certificates and Demand Savings Certificates may be purchased by IRAs or other types of retirement accounts. Any individual who wishes to purchase one of our debt securities as part of an IRA or retirement account portfolio may do so through the custodian of a self-directed IRA or other self-directed retirement account. Due to the fixed term of our Term Savings Certificates, however, we may not be able to provide for minimum distributions that may be required by an IRA or other retirement account if interest earned on a Term Savings Certificate is insufficient to make those payments, and IRA or other retirement account investors should take this into consideration when making their investment decision. See also “Tax Aspects” on page 19.

If you do not already have an IRA account or if you wish to open a new one, we have made arrangements with GoldStar Trust Company of Canyon, Texas to act as a custodian on behalf of investors wishing to invest through an IRA account. Under these arrangements, GoldStar Trust Company acts as the custodian of a self-directed IRA, and invests the IRA’s funds in our debt securities as directed by the investor. More information on these arrangements for IRAs is available upon request from GoldStar Trust Company at 800-486-6888. Please be aware that GoldStar Trust Company may assess fees, including a processing fee for annual distributions or closure of an IRA account, and you will need to enter into a separate and independent account agreement with GoldStar Trust Company. If your IRA account investment in our debt securities equals or exceeds \$10,000, we will pay the GoldStar Trust Company annual fees on your behalf. Other than covering these fees, we do not pay any compensation to, or receive any compensation from, GoldStar Trust Company for this arrangement or their services.

Book Entry System

Effective February 1, 2012, we began using a book entry system to record ownership and invested balances for all of our newly issued debt securities. Under this system, we keep an electronic record of your investments in debt securities. The actual terms of your debt securities will be as set forth in the Offering Circular, including the Summary of Term Savings Certificate Terms or Summary of Demand Savings Certificate Terms, as applicable, attached to the version of our Offering Circular that is effective as of the date of your initial investment, or the date of renewal for a maturing Term Savings Certificate, whichever is later. Instead of a paper certificate, we send you confirmation of your initial investment and any subsequent additions to, or redemptions of, your investment. We also send periodic statements showing the amount you have invested with us. Before moving to our current book entry system we issued Term Savings Certificates in the form of paper certificates.

Maturity; Failure to Respond to Maturity Notification

At least 30 days prior to the expiration of the term of a Term Savings Certificate, written notice of the maturity date will be mailed to the investor, together with a current Offering Circular if one has not been provided previously. At maturity of the Term Savings Certificate, the investor will have the option to receive full payment of principal and accrued interest, subject to the availability of funds, or to reinvest all or part of the principal and accrued interest in a new debt security, subject to the minimum and maximum investment requirements described above. If the investor does not respond or make an affirmative election by the date of maturity, and if permitted by the law of the investor’s state of residence, we will automatically reinvest the maturing principal and any unpaid interest in a new Term Savings Certificate for the same term if that term is then being offered, or if that term is not then being offered, for the closest, shorter term then being offered, but generally in each case at the then current interest rate and other terms offered for our Term Savings Certificates of that term at that time. Investors currently holding paper certificates must return their paper certificate(s) or a lost document statement to us at the time of maturity or redemption in order for us to either (1) replace their existing certificates with new book entry Term Savings Certificates, or (2) return their investment together with any accrued but unpaid interest.

Early Redemption

Generally, investors have no right to the early redemption of their Term Savings Certificate prior to its maturity. If we allow early redemption, we may impose an early redemption fee. As of the date of this Offering Circular, that fee was equal to 90 days of interest. We may waive or vary the early redemption fee from time to time either as part of a larger promotion or in specific circumstances, such as upon the request of a joint tenant, executor, or personal representative following the death of an investor. A letter requesting early redemption accompanied by a death certificate may be required for the waiver or variation of the early redemption fee in the event of a death.

Prepayment

We may prepay debt securities at any time, without premium, but with accrued interest to the date of redemption.

Non-transferable

Our debt securities are ordinarily not transferable. However, an investor may send in a request for transfer for our consideration together with the investor's debt security certificate if their debt security is certificated. If the request for transfer is acceptable to us in our sole discretion, we will issue a new debt security in book entry form in the name of the requested transferee.

Priority

Our debt securities are our unsecured general debt obligations, and each investor will have an equal claim against our assets with other debt security holders and unsecured creditors. In the event of our liquidation or any distribution of our assets upon bankruptcy, reorganization or similar proceedings, all of our unsecured debt obligations, including the debt securities, will have an equivalent claim to our assets. If we incur senior secured indebtedness, the creditor issuing that debt to us will have a higher priority claim to our assets than will holders of our debt securities. While no assurance can be given that we will not at some future date issue obligations that will have a higher priority claim to our assets or incur other senior indebtedness, we do currently have a policy that the amount of any such senior secured indebtedness shall not exceed ten percent (10%) of our tangible assets. Our failure to pay principal and interest on a debt security when due and requested will be an event of default, but only as to that debt security.

Outstanding Debt Securities

The average weighted interest rate on our debt securities was 1.72%, 2.21%, and 2.38 on September 30, 2021, 2020, and 2019, respectively. The following tables describe our outstanding debt securities as of September 30, 2021:

Term (months)	Number	Aggregate Principal Balance	Maturing during fiscal year ending September 30,	Aggregate Principal Balance
Demand	129	\$ 9,181,500	On Demand	\$ 9,181,500
12	99	6,129,465	2022	15,203,729
18	36	1,860,581	2023	4,521,756
24	66	2,420,589	2024	4,298,641
30	150	8,058,552	2025	528,710
36	92	2,359,463	2026	592,041
48	22	790,110	2027	15,000
60	156	3,452,626	2028	118,551
63	-	-	2029	138,276
120	35	626,043	2030	147,049
Totals	785	\$ 34,878,929	2031	133,676
			Total	\$ 34,878,929

Recent Sales and Reinvestments

For the fiscal year ended September 30, 2021, we sold \$16,254,188 of debt securities, of which \$6,222,150 was attributable to new sales, \$530,454 to interest reinvested, and \$9,501,584 to reinvestments of the outstanding principal on matured Term Savings Certificates and investments into Demand Savings Certificates. It has been our historical experience that only a portion of the principal balance of maturing Term Savings Certificates is reinvested in new debt securities. For the fiscal year ended September 30, 2021, \$10,032,038 (which includes reinvested interest) or approximately 79% of the \$12,654,855 of Term Savings Certificates that matured were reinvested into Term or Demand Savings Certificates. During that same period, investors redeemed a total of \$2,622,812 of Term Savings Certificates at maturity and \$359,105 prior to maturity due to the death of the owner or other special circumstances.

LENDING ACTIVITIES

General

We make loans primarily to current or former churches, classes, assemblies, institutions, agencies (and their corporate affiliates) of the RCA primarily for the purchase, construction, or improvement of church buildings, parsonages, and other property used in their ministry. On occasion, we also may loan funds for the purchase of land, as a line of credit, or for other purposes. The rate of interest we charge on loans is established by our Staff Loan Committee, Board Credit Committee, or Board of Directors, depending on the size of the loan. Our loan index rate is established by our Staff Loan Committee, and reviewed periodically with our Board Credit Committee.

Loans Outstanding

As of September 30, 2021, we had 124 loans outstanding with maturities ranging from fiscal years ending 2022 through 2049. The table below shows the distribution of those loans by principal outstanding loan balances in the ranges indicated:

<u>Principal Loan Balance</u>	<u>Number of Loans</u>	<u>Aggregate Principal Outstanding</u>	<u>Percent of Total Loan Principal Outstanding</u>
Less than \$50,001	16	\$ 359,256	1%
\$50,001 - \$100,000	22	1,772,071	3%
\$100,001 - \$250,000	29	4,580,426	8%
\$250,001 - \$500,000	26	9,449,096	16%
\$500,001 - \$1,000,000	14	9,459,598	16%
\$1,000,001 - \$2,000,000	12	16,918,307	30%
\$2,000,001 - \$3,000,000	5	14,677,462	26%
Totals	124	57,216,216	100%

Except as noted below under “Unsecured Loans,” these loans were secured primarily by mortgages or deeds of trust on property located in 20 states as well as in Canada, though some were also secured by personal property, guaranties, and investment securities. The weighted average of the interest rates on all of our outstanding loans as of September 30, 2021, was 4.20%.

During the fiscal year ended September 30, 2021, we received \$9,058,489 in loan payoffs and refinancings and/or payments of principal and \$2,574,298 in payments of interest on our outstanding loans. The table below sets forth the principal payments scheduled to be received on all outstanding loans in future fiscal years ended September 30, based on September 30, 2021, data:

<u>Year ended September 30,</u>	<u>Principal Due</u>
2022	\$ 1,459,913
2023	1,935,985
2024	1,956,312
2025	1,949,535
2026	1,807,797
Thereafter	48,106,674
Total	<u>\$ 57,216,216</u>

During the fiscal year ended September 30, 2021, we restructured two loans with principal outstanding of \$1,070,496 as of that date to accommodate the borrowers’ financial conditions. In both instances the loan was modified to provide a period of interest only payments and to extend the loan term, resulting in reduced monthly payments for one of the loans.

Unsecured Loans

Included in the “Loans Outstanding” table above are \$622,380 of unsecured loans, which mature between fiscal years ending 2022 and 2026, and constitute 1.09% of the total dollar amount of our outstanding loans as of September 30, 2021.

Delinquent Loans

As of September 30, 2021, we had no loans that were delinquent 90 days or more. Our allowance for doubtful loans was \$1,700,000 as of that same date. Due to the ecclesiastical nature of our relationship with our borrowers, we have on occasion been willing to make accommodations for borrowers who are in default. Those accommodations could include the restructuring of their loan. No assurance can be given that we will be able or willing to accommodate borrowers who are delinquent in the future.

Loan Commitments

As of September 30, 2021, we had outstanding loan commitments totaling \$4,905,139 that may result in additional amounts being advanced to borrowers. All of these commitments except for \$295,000 were for secured loans. These loan commitments are not reflected in the Statements of Financial Position.

Lines of Credit

Occasionally, we may make lines of credit available to RCA churches, classes and other agencies and affiliates of the RCA on a short-term basis. As of September 30, 2021, we had three outstanding lines of credit with no outstanding balances.

Loan Terms, Policies and Documentation

We make loans primarily to current or former churches, classes, assemblies, institutions and other agencies (and their corporate affiliates) of the RCA to assist them primarily in the purchase, construction, improvement or maintenance of buildings, parsonages and other property used in their ministry. On occasion, we also may loan funds for the purchase of land, as a line of credit, or for other purposes. The terms of each loan are determined on a case by case basis by our Staff Loan Committee, Board Credit Committee or Board of Directors, depending on the size of the loan and whether it is secured. In recent years, our loans have typically been secured loans with terms of up to 30 years. The initial interest rates on these loans are usually fixed for a specified period of time and then adjusted annually based on a proprietary index. Under certain circumstances, we offer reduced rates for the initial time period. Loans may or may not include prepayment penalties. Loans we make in the future may or may not be on similar terms, and we have the flexibility to vary our terms and make certain exceptions to our policies as necessary on a case by case basis. Our standard loan rates are set from time to time by the Board of Directors, Board Credit Committee and Staff Loan Committee.

Most of our loans are secured by a first lien on real estate. Under certain circumstances a loan may be secured by a junior lien on real estate, a pledge of personal property, a third-party guarantee, a pledge of our debt securities owned by the borrower or third-party guarantors, or some combination of these types of security. We may also make unsecured loans. Our Bylaws currently state that the total principal amount of all unsecured loans outstanding to any one borrower may not exceed one percent (1%) of our net assets, and the total principal amount of all unsecured loans outstanding to all borrowers may not exceed five percent (5%) of our net assets, though we may make exceptions or amendments to these limitations. Loans are typically made directly to a borrower, but may also be made indirectly to a borrower through a participation agreement with another lender. We may also sell all or a portion of a loan to a third party.

Our secured loans are typically offered at interest rates comparable to or below the rates generally available in the open market for similar secured loans. The amounts loaned, interest rates charged, payment schedules, and other loan terms are determined by our Staff Loan Committee, Board Credit Committee, or Board of Directors, based upon the size of the loan, on a case by case basis. Our loan documentation typically consists of a promissory note and a mortgage, deed of trust, or similar security instrument for loans secured by real estate, or a security agreement, pledge agreement(s) and guaranty(ies) for loans secured by personal property. Short-term unsecured loans are documented with only a promissory note. Casualty insurance naming us as mortgagee/loss payee is typically required, and it is our policy to require title insurance (or a lawyer’s title opinion) for loans in excess of \$200,000 although exceptions may be made based upon our review of the loan. We also usually seek to ascertain the environmental

condition of the collateral through the completion of an environmental questionnaire by our borrowers. We do not normally obtain independent appraisals as to the value of real property securing the loans we make.

To apply for a loan, an applicant must complete a loan application and provide supporting information to us. The extent of the information required of the applicant is determined in part by the size of the proposed loan. A copy of the application must also be sent to the applicant's classis and regional synod executives for their respective reviews and recommendations, though an application for a short-term loan is sent only to the applicant's classis for review and recommendation. When the application is determined by our staff to be complete, it is submitted for approval to our Staff Loan Committee, Board Credit Committee, or our Board of Directors, depending on the size of the loan and whether it is secured. Some factors the committees and Board of Directors consider in their respective decisions include the amount of cash and pledges dedicated to the applicant's project; the historical and projected membership, attendance and financial information provided by the applicant; the applicant's history of meeting its financial obligations to the RCA's agencies and assemblies; and the ratio of revenue needed to repay the proposed loan compared to the applicant's total projected revenue. The terms of outstanding loans may be modified by our staff, Staff Loan Committee, Board Credit Committee or Board of Directors (depending on certain characteristics) from time to time on a case by case basis.

Borrowers Leaving the RCA

If a borrowing church leaves the RCA, the borrower must complete a loan continuance application and provide supporting information to us. A copy of the application must also be sent to the applicant's former classis for review confirmation that the classis has approved the church's departure from the RCA. When the application is determined by our staff to be complete, it is submitted for approval to our Staff Loan Committee, Board Credit Committee, or our Board of Directors, depending on the size of the loan and whether it is secured. If the continuance of the loan is approved, the terms of the loan may be modified by our staff, Staff Loan Committee, Board Credit Committee or Board of Directors (depending on certain characteristics) from time to time on a case by case basis, including requiring the borrower to continue to function as a protestant Christian congregation.

Allowance for Doubtful Loans

One of our policies is to review the strength of our outstanding loans on a regular basis and, if appropriate, to modify our allowance for doubtful loans. The purpose of such an allowance is to provide for possible loan losses resulting from the inability of our borrowers to make loan payments or the impairment of the collateral securing the loans. As of September 30, 2021, we had an allowance for doubtful loans of \$1,700,000. If the financial condition of our borrowers or the value of the collateral securing our loans were to deteriorate, resulting in an impairment of our borrowers' ability to make payments, our estimates may need to be updated and additional allowances for doubtful loans may be required.

INVESTING ACTIVITIES

It is our policy on the date of this Offering Circular to invest available funds using investment managers. All managers have discretionary investment authority over the assets we place with them and have agreed to manage those assets in accordance with our investment objectives and restrictions. Our objectives are to provide daily accessible liquidity and generate income through fixed income and equity investments with reasonable and prudent levels of risk. Equity investments are limited to 15% of our net assets. It is also our policy to maintain cash, cash equivalents and liquid invested funds (including funds managed by all investment managers) in an amount equal to not less than 15% of the aggregate balance of our outstanding Demand Savings Certificates plus 10% of the aggregate balance of our outstanding Term Savings Certificates. There can be no assurance, however, that these policies will be continued in the future or that we will be able to maintain cash, cash equivalents and invested funds in accordance with these policies. Our Board of Directors sets these policies, and our Board Investment Committee, RCA Investment Advisory Committee, investment advisors, and staff are responsible for implementing them. See "Management" at page 20.

Excess reserve funds are invested in fixed income securities managed by Telemus Capital, L.L.C. ("Telemus"), which became the investment manager of those funds in December 2017. Telemus is an investment management company that has provided investment management services to individuals and organizations since 2005. Its primary office is in Southfield, Michigan, and it has other offices in Illinois and California. The assets are held in custody at Pershing, LLC.

We also have funds invested in the RCA Endowment Fund as well as other assets invested in fixed income and equity securities. Some of these funds are managed by LVM Capital Management, Ltd. (“LVM”). LVM is a Registered Investment Advisor with its primary office in Kalamazoo, Michigan, and another office in Florida, and has been providing investment management services to individuals and organizations since 1988. Investments managed by LVM are held in custody at TD Ameritrade.

Some of our invested funds are managed by Barnabas Foundation, a not-for-profit Illinois Corporation that provides asset management services. Barnabas Foundation began managing these funds in April 2021.

Our investment policies also allow us to invest up to 7% of our net assets in unsecured certificates offered by other church extension funds similar to CGF, provided that any such church extension fund meets certain financial criteria as established by our Investment Committee pursuant to our investment policies, and up to \$1.5 million in a single church extension fund. As of September 30, 2021, we had invested \$1,014,509, or 2% of our net assets, in a long term debt investment certificate at Christian Investors Financial.

A copy of our investment policies is available from the RCA Office of Finance, 4500 60th Street SE, Grand Rapids, Michigan 49512 (616-698-7071).

We had total income from investments for the fiscal years ending September 30, 2021, 2020, and 2019 of \$753,322, \$794,194, and \$950,134, respectively, which included net unrealized/realized gains/(losses) on investments for the fiscal years ending September 30, 2021, 2020, and 2019 of \$382,490, \$354,059, and \$519,582, respectively. As of September 30, 2021, we had \$9,984,834 invested in securities under management with Telemus, (51% of our investments), \$7,278,923 invested in securities under management with LVM, (38% of our investments), \$1,217,443 invested with the Barnabas Foundation (6% of our investments), and \$1,014,509 in a long term debt investment certificate at Christian Investors Financial (5% of our investments). Our investments in those accounts were as follows:

<u>Investment</u>	<u>Amount</u>	<u>Percentage of Total</u>
Investments held at fair value:		
Fixed income-asset backed securities	\$ 41,641	0%
Fixed income-corporate bonds	7,087,079	36%
Fixed income-government and municipal bonds	6,326,361	33%
Corporate stocks	3,562,428	18%
Exchange traded funds	246,248	1%
Investments held at cost:		
Investment Certificate	1,014,509	5%
Investments held at net asset value:		
Unitized equities	1,217,443	6%
Total investments	<u>\$ 19,495,709</u>	<u>100%</u>

The GSC administers the RCA Endowment Fund, which holds endowments for our benefit. Participating units in the RCA Endowment Fund are issued based on the fair value of the assets held by the program at the date of the investment. As of September 30, 2021, the fair value of the units held by us in the RCA Endowment Fund exceeded their cost basis. As of that same date, we held an approximately 3% interest in the RCA Endowment Fund with a fair value of \$757,124. Our investments in our portion of the RCA Endowment Fund at that time were as follows:

<u>Investment</u>	<u>Amount</u>	<u>Percentage of Total</u>
CGF portion of RCA Endowment Fund		
Equities	\$ 605,699	80%
Fixed income	151,425	20%
	<u>\$ 757,124</u>	<u>100%</u>

Funds we hold in the RCA Endowment Fund are held by the GSC for our benefit but may potentially be subject to claims of creditors of the GSC. If such claims were asserted and upheld by the courts, it could negatively affect our ability to recover our investments.

SELECTED FINANCIAL DATA

The tables below set forth certain financial data as of and for the fiscal years ended September 30, 2017 through 2021, which were derived from our audited financial statements for each of those years. You should also review our Financial Statements in connection with this information, including the notes to those Financial Statements which contain certain significant accounting policies that affect the more significant judgments and estimates used in the preparation of our Financial Statements. Certain amounts in prior years have been reclassified to conform to the current year presentation. Given the volatility of current economic conditions, the values of assets and liabilities recorded in the Financial Statements could change, resulting in future adjustments in asset values, the allowance for doubtful loans or net assets.

Line of Credit

To further assist us in managing our liquidity, we maintain a \$5,000,000 unsecured line of credit with PNC Bank (“Bank”). The line of credit has a maturity date of March 31, 2022, though we anticipate renewing it annually, subject to approval by the Bank. The interest rate charged by the Bank on funds advanced is a variable rate based on the daily LIBOR rate plus 1.75%. If we draw any funds from the line of credit, we are required to pay interest on the amounts advanced monthly, and to repay the outstanding principal balance at the time of maturity. We had not drawn on the line of credit, and did not owe any amounts on the line of credit, as of September 30, 2021. Our agreement with the Bank also has certain financial and reporting covenants that are typically required under commercial credit agreements, including a requirement that we reduce the outstanding principal balances to zero for a period of at least sixty (60) consecutive days prior to the expiration date, and annually thereafter if the expiration date is extended. We were in compliance with all of those covenants as of September 30, 2021.

PLAN OF DISTRIBUTION

The primary means of soliciting potential investors is through the use and distribution of this Offering Circular, which is typically delivered in response to invitations or inquiries from individuals, churches or other institutions, currently or formerly affiliated with the RCA, in response to inquiries from prospective investors through the RCA’s website or development office, or in response to advertisements in publications or on websites that serve members of the RCA. We may also publish promotional material for print in national and regional publications and for distribution or posting at churches, assemblies, conventions, seminars, and construction sites, or through direct mailings to current, past, and prospective investors, both by regular and electronic mail. The RCA’s development office may also distribute our promotional materials to interested parties.

Prospective investors may obtain an Offering Circular and application by requesting them from our Orange City, Iowa office at 888-722-4958. The Offering Circular, including the application form, may also be downloaded from our website at www.rca.org/cgf. Questions about our debt securities or the offering should be directed to Pamela Goslinga in our Orange City, Iowa office at 888-722-4958.

To purchase one of our debt securities, an investor must review the Offering Circular, complete the application to purchase, and send the completed application to purchase with either ACH payment authorization or a check payable to RCA Church Growth Fund, Inc., P.O. Box 76, Orange City, IA 51041. If we accept the potential investor’s offer to purchase, the investor is notified by mail and an investment confirmation is returned to the investor reflecting the amount of the investment. Investors wishing to invest through an IRA or other retirement account should review the section of this Offering Circular entitled “Debt Securities – Retirement Accounts” on page 12, and coordinate the completion of the application to purchase with their retirement account custodian.

No underwriting or selling agreements exist, and no direct or indirect commissions or other compensation will be paid to any person in connection with the offer and sale of our debt securities. We offer and sell our debt securities solely through our officers, directors and employees who are authorized to engage in such activities in the applicable jurisdiction; there are no outside selling agents involved in this offering.

TAX ASPECTS

By purchasing one of our debt securities, you may be subject to certain income tax provisions of the Internal Revenue Code. Some of the significant federal income tax consequences of purchasing our debt securities include the following:

- Although we are a 501(c)(3) organization, you will not be entitled to a charitable deduction for the debt security(ies) you purchase.
- Any interest on your debt security(ies) will be taxed as ordinary income in the year it accrues or is paid to you (unless you hold the debt security in a traditional IRA or other tax deferred account).
- We will provide you a Federal Income Tax Form 1099-INT or the comparable form by January 31st of each year indicating the interest earned on your debt security(ies) during the previous calendar year.
- You will not pay income tax on the return of any principal amount of your debt security(ies) or on the payment of interest that was previously taxed.
- You will be required to certify, by signing the Savings Certificate Application, the accuracy of your social security number, that you are not subject to backup withholding, and that you are a U.S. resident.

In addition, if you (or you and your spouse together) have invested or loaned more than \$250,000 in the aggregate with or to us and other charitable organizations that control, are controlled by or are under common control with us, you may be deemed to receive additional taxable interest under Section 7872 of the Internal Revenue Code if the interest paid to you is below the applicable federal rate. In that situation, the Internal Revenue Service may impute income up to that applicable federal rate. If you believe this applies to you, you should consult your tax advisor.

If the law creating the tax consequences described in this summary changes, this summary could become inaccurate. This summary is based on the Internal Revenue Code, the regulations promulgated under the Internal Revenue Code, and administrative interpretations and court decisions existing as of the date of this Offering Circular. These authorities could be changed either prospectively or retroactively by future legislation, regulations, administrative interpretations, or court decisions. Accordingly, this summary may not accurately reflect the tax consequences of an investment in our debt securities after the date of this Offering Circular.

In addition, this summary does not address every aspect of tax law that may be significant to your particular circumstances. For instance, it does not address special rules that may apply if you are a financial institution or tax-exempt organization; if you are not a citizen or resident of the United States; or if you are purchasing the debt securities through an IRA or other tax-deferred account; nor does it address any aspect of state or local tax law that may apply to you.

This discussion of federal income tax consequences was written to support the promotion or marketing of our debt securities and is not intended or written to be used, and cannot be used, by any taxpayer as any kind of tax advice or for the purpose of avoiding tax penalties. You should consult with your tax advisor to determine the particular federal, state, local or foreign income or other tax consequences particular to your investment in our debt securities.

LITIGATION AND OTHER MATERIAL TRANSACTIONS

As of the date of this Offering Circular, we were not a party to any present, pending, or threatened material legal proceedings.

MANAGEMENT

Directors

As a not-for-profit directorship corporation, we have no members or shareholders and we are managed by our Board of Directors. Our Certificate of Incorporation and Bylaws require that we have at least six and up to twelve voting board members, all of whom must be members in good standing of the RCA and of the minimum age prescribed by the New York not-for-profit corporation law. The general secretary of the RCA is an *ex officio* board member without a vote, with the right to attend all meetings and with the right to speak on any matter before the board. At least two thirds of the voting board members must be citizens of the United States of America, and a majority of the board members must have competence in banking, finance, accounting, real estate, or law, particularly as those fields relate to the evaluation of loans secured by real estate.

All voting board members are elected to three-year terms by the General Synod following their nomination by the General Synod's Commission on Nominations. Typically, nominations are submitted by the existing Board of Directors for each board position that is to be filled. When submitting nominees, the Board of Directors endeavors to reflect the diversity of the RCA. No employee of the General Synod, the GSC, or BOBS that is directly accountable

to CGF, nor a spouse, parent, sibling, or child of such a person, is eligible for membership as a voting board member. The length, number, commencement date, and calculation of the terms of all board members are as provided in our Certificate of Incorporation, Bylaws, and the RCA's *Book of Church Order*, and are established in a manner that attempts to stagger the term expirations of our directors. All voting board members are ineligible to serve for one year after they have served two consecutive terms. The Board of Directors has at least two regularly scheduled meetings per year.

The following persons serve as directors as of the date of this Offering Circular:

Rev. Eddy Alemán, age 50, of Caledonia, Michigan. Rev. Alemán is an *ex officio*, non-voting member of our board by virtue of his position as the General Secretary of the RCA. As an *ex officio* member of our board, Rev. Alemán's term will continue for as long as he is the General Secretary of the RCA.

Rev. Michael Bos, age 59, of Mount Arlington, New Jersey. Mr. Bos serves as our President. Rev. Bos is the Pastor of Collegiate Church and Chaplain and Faculty of Collegiate School in New York, New York. Rev. Bos is a member of our Board Credit Committee and his term as a CGF director expires in 2023.

Mr. Larry Koops, age 67, of Holland, Michigan. He is a retired executive having served as the Community President – Lakeshore and Commercial Banking Market Manager at Fifth Third Bank, where he worked for 33 years. Mr. Koops is a member of our Board Credit Committee and his current term as a CGF director expires in 2022.

Ms. Nicole Kouba, age 49, of Mokena, Illinois. Ms. Kouba serves as our Secretary. She is a certified public accountant and the Director of Corporate & Commercial Credit for BMO Harris Bank. Ms. Kouba is a CGF representative on the GSC audit sub-committee. Her term as a CGF director expires in 2023.

Ms. Anne Putnam, age 44, of Schenectady, New York. Ms. Putnam is the Senior Vice President for Fenimore Securities, Inc., where she has worked for 15 years. She is a CGF representative on the GSC investment advisory committee and her term as a CGF director expires in 2024.

Mr. Ronald Rukambe, age 47, of Monroe, New Jersey. Mr. Rukambe is the Vice President of Private Equity Real Estate for State Street Bank and Trust, where he has worked for 6 years. Mr. Rukambe is a CGF representative on the GSC investment advisory committee. His term as a CGF director expires in 2022.

Mr. George Schneidermann, age 77, of Rock Rapids, Iowa. Mr. Schneiderman serves as our Vice President. He is an officer and director of Frontier Bank, where he has worked for 45 years. Mr. Schneidermann is a member of our Board Credit Committee. His term as a CGF director expires in 2023.

Mr. Karl Silberstein, age 65, of Fair Oaks, California. He is a former Certified Public Accountant and healthcare executive, having served as Senior Vice President of Dignity Health, where he worked for 19 years. Mr. Silberstein is a CGF representative on the GSC audit sub-committee and his term as a CGF director expires in 2024.

Officers and Key Personnel

Our officers are as follows:

Rev. Michael Bos, President
George Schneiderman, Vice President
Nicole Kouba, Secretary
Jillisa Teitsma, Treasurer
Pamela Goslinga, Executive Vice President and Interim Executive Director
Paul Karssen, Assistant Vice President

Pamela Goslinga, age 59, of Sheldon, Iowa, serves as our Executive Vice President and Interim Executive Director and on our Staff Loan Committee. Ms. Goslinga has been with us for 24 years, and prior to joining us accumulated nearly 14 years of banking experience with Northwestern State Bank, Orange City, Iowa.

Paul Karssen, age 65, of Orange City, Iowa. Mr. Karssen serves as our Assistant Vice President. He also serves as General Counsel for the GSC. Mr. Karssen is a graduate of California State University Fullerton and has a

law degree from the University of Southern California. He practiced litigation and real estate law with firms in Los Angeles, California for 13 years before becoming the fund executive and Executive Vice President of the CGF in 1994. Mr. Karssen held that position until 2011 when he shifted his primary focus to his GSC general counsel responsibilities. He has been our Assistant Vice President since that time.

Jillisa Teitsma, age 43, of Grand Rapids, Michigan. Ms. Teitsma serves as our Treasurer. Ms. Teitsma is a Certified Public Accountant and has a Bachelor's of Science in Accounting from Calvin College. Ms. Teitsma has previously held positions as Senior Auditor for Capin Crouse, LLP, staff accountant for Baxter Community Center, and assistant controller and controller for GSC. She currently serves as the Chief Financial Officer of GSC.

The board President, Vice President, and Secretary are elected by and from the Board of Directors. These officers serve in a volunteer capacity without salary. The staff personnel who are responsible for our day-to-day operations are the Treasurer, the Interim Executive Director, and the Assistant Vice President, all of whom are employed and paid by the GSC.

Other staff personnel include Angela Worthley (Executive Assistant), Karen Hulsart (Loan and Savings Certificate Operations Administrator), and Carol Knevelbaard (Administrative Assistant), each of whom are located at our Orange City, Iowa office.

Our Interim Executive Director, Pamela Goslinga, is principally responsible for all aspects of the CGF. The RCA Chief Financial Officer, Jillisa Teitsma, is principally responsible for maintaining our financial records. Ms. Goslinga is located in our Orange City, Iowa office and Ms. Teitsma is located in our Grand Rapids, Michigan office.

Except for Ms. Goslinga, Ms. Hulsart, and Ms. Knevelbaard, all of the staff personnel divide their time between their work for us and other corporations, agencies or institutions of the RCA. The amount of time devoted to our operations varies as our needs and work vary from time to time.

Remuneration

No member of the Board of Directors receives any compensation as a Director. Directors are reimbursed for actual expenses incurred in attending meetings of Directors. The President, Vice President, and Secretary also receive no compensation for their services but are reimbursed for actual expenses incurred in carrying out their volunteer responsibilities.

All of the staff personnel referred to above and the Treasurer, as well as the other employees who work for us, were paid by the GSC. The net amount of all direct and indirect reimbursements we made to the GSC for remuneration to our executive officers for the fiscal year ended September 30, 2021, was \$186,649.

INVESTOR REPORTS

Current audited financial statements are always available to investors upon written request and it is our policy to mail them to investors within 120 days of our fiscal year end. Current audited financial statements are also available on the RCA website at <http://www.rca.org/finance>.

FINANCIAL STATEMENTS

The audited financial statements as of and for the years ended September 30, 2021, 2020, and 2019, that are included in this Offering Circular, have been audited by Capin Crouse LLP, 250 Monroe NW, Suite 400, Grand Rapids, Michigan 49503, independent auditors, as stated in their report.

SUMMARY OF TERM SAVINGS CERTIFICATE TERMS

The terms of Term Savings Certificates issued pursuant to this Offering Circular shall be as follows, and these terms together with CGF's books and records shall constitute the evidence of indebtedness owed:

- The principal dollar amount, interest rate, certificate owner, certificate number, date issued, term and maturity date of the Term Savings Certificates will be as stated in the confirmation or receipt sent by CGF to the certificate owner at the time of the initial investment, or any renewal thereof. CGF is authorized by the certificate owner to note all such facts on its books and records, as well as the amount of each accrual or payment of interest, and the amount of any principal payment or addition to the certificate, which books and records shall constitute *prima facie* evidence of the information so noted.
- Upon redemption, either at maturity or otherwise, the principal amount of the certificate and any accrued but unpaid interest, less any penalties assessed for early redemptions, if applicable, will be paid by CGF to the certificate owner.
- The certificate will earn interest from the date of issuance until maturity or redemption. Interest will be accrued or paid to the certificate holder either quarterly, semi-annually, or annually, as elected by the certificate holder at the time of investment. If the certificate holder does not specify whether interest will be accrued or paid, interest will be accrued. If the certificate holder does not specify a payment interval, interest will be accrued or paid semi-annually.
- CGF may at its option redeem the certificate at any time, without premium, but with accrued interest.
- The certificate may not be pledged or assigned and is not negotiable or otherwise transferrable except when affirmatively permitted by CGF in its sole discretion.
- The certificate is issued in accordance with, and subject to the terms and conditions set forth in, the purchase application and CGF's current offering circular, as it may be updated or supplemented from time to time, including, without limitation, provisions related to the minimum and maximum investment by a single investor, automatic renewal, prepayment, early redemption, and limited transferability of the certificate.
- Without limiting the generality of the previous sentence, and subject to any limitations imposed by the certificate owner's state of residency as set forth in the offering circular, the certificate will automatically renew upon its initial maturity date and any subsequent maturity date(s) resulting from renewal(s) for the same term if that term is then being offered, or if that term is not then being offered, for the closest, shorter term then being offered, but generally in each case at the then current interest rate and other terms offered for our Term Savings Certificates of that term at that time, unless the certificate owner notifies CGF prior to the then current maturity date, in writing and on forms approved by CGF, of the certificate owner's redemption of the certificate upon maturity. In the event of an automatic renewal, the entire outstanding principal and accrued but unpaid interest will be invested in the new certificate.
- Certificate owners generally have no right to the early redemption of the certificate prior to its maturity. If CGF allows early redemption, it may impose an early redemption fee. The amount of that fee may vary from time to time at the discretion of CGF. At the date of this Offering Circular, that fee was equal to 90 days of interest. CGF may waive the early redemption fee in its sole discretion, subject to satisfaction of such additional requirements as CGF may impose.
- The certificate is CGF's unsecured general debt obligation, and each certificate owner will have an equal claim against CGF's assets with other debt security holders and unsecured creditors. If CGF incurs senior secured indebtedness, the creditor issuing that debt will have a higher priority claim to CGF's assets than will the certificate holder.
- CGF's failure to pay principal and interest on the certificate when due and requested will be an event of default, but only as to the certificate.
- The certificate shall be deemed to have been made in the State of Michigan, and any action arising out of it shall be governed by the laws of the State of Michigan that are applied to contracts made or to be performed in that state. Any action arising out of the certificate may be brought in any District or Circuit Court for the State of Michigan, or in the United States District Court for the Western District of Michigan. By acceptance of the certificate, the certificate owner consents that all such courts shall have personal jurisdiction of the certificate owner with respect to any such action.
- The certificate is not FDIC or SIPC insured.
- The certificate is not a bank instrument.
- The certificate is not guaranteed by the RCA, any church, classis, synod, assembly, corporation, institution or agency affiliated with the RCA, or any other guarantor.

SUMMARY OF DEMAND SAVINGS CERTIFICATE TERMS

The terms of Demand Savings Certificates issued pursuant to this Offering Circular shall be as follows, and these terms together with CGF's books and records shall constitute the evidence of indebtedness owed:

- The principal dollar amount, initial interest rate, certificate owner, certificate number, and date of the Demand Savings Certificates will be as stated in the confirmation sent by CGF to the certificate owner at the time of the initial investment. Similarly, the date and amount of any addition to the Demand Savings Certificate, and of any redemption of all or any portion of the Demand Savings Certificate, will be as stated in the confirmation thereof sent by CGF to the certificate owner at the time of the event. CGF is authorized by the certificate owner to note all such facts on its books and records, as well as the amount of each accrual or payment of interest, which books and records shall constitute *prima facie* evidence of the information so noted.
- The minimum initial and continuing investment amount required for Demand Savings Certificates and Pastoral Demand Savings Certificates is \$10,000 and \$1,000, respectively. The maximum investment balance for a Pastoral Demand Savings Certificate is \$100,000 for a single investor.
- The interest rate on the certificate is variable and may be changed from time to time by CGF upon notice to the certificate holder.
- Certificates may be redeemed in whole or in part at any time upon at least thirty days' prior written notice to CGF on forms approved by CGF, subject to a limitation of three transactions per calendar month and \$500 or more per transaction. Upon a partial or complete redemption, the principal amount requested by the certificate holder, up to the full principal amount of the certificate together with any accrued but unpaid interest, less any penalties assessed for excess transactions, if applicable, will be paid by CGF to the certificate owner within thirty days of CGF's receipt of a proper redemption request.
- The certificate will earn interest from the date of issuance until redeemed. Interest will be accrued daily based on the collected principal balance outstanding at the end of each day, and added to the principal balance of the certificate monthly.
- CGF may at its option redeem the certificate at any time, without premium, but with accrued interest. Without limiting the generality of the forgoing sentence, if the principal balance of the certificate falls below \$10,000 for regular Demand Savings Certificates, or \$1,000 for Pastoral Demand Savings Certificates, CGF may redeem the certificate in its discretion.
- The certificate may not be pledged or assigned and is not negotiable or otherwise transferrable except when affirmatively permitted by CGF in its sole discretion.
- The certificate is issued in accordance with, and subject to the terms and conditions set forth in, the purchase application and CGF's current offering circular, as it may be updated or supplemented from time to time, including, without limitation, provisions related to the minimum and maximum investment by a single investor, prepayment, and limited transferability of the certificate.
- Certificate owners are limited to no more than three transactions per calendar month, each of which must be for an amount of \$500 or more, or \$200 or more for Pastoral Demand Savings Certificates. If CGF allows additional redemptions, it may impose an excess redemption fee. The amount of that fee may vary from time to time at the discretion of CGF. At the date of this Offering Circular, that fee was equal to \$50. CGF may waive the excess redemption fee in its sole discretion, subject to satisfaction of such additional requirements as CGF may impose.
- The certificate is CGF's unsecured general debt obligation, and each certificate owner will have an equal claim against CGF's assets with other debt security holders and unsecured creditors. If CGF incurs senior secured indebtedness, the creditor issuing that debt will have a higher priority claim to CGF's assets than will the certificate holder.
- CGF's failure to pay principal and interest on the certificate when due and requested will be an event of default, but only as to the certificate.
- The certificate shall be deemed to have been made in the State of Michigan, and any action arising out of it shall be governed by the laws of the State of Michigan that are applied to contracts made or to be performed in that state. Any action arising out of the certificate may be brought in any District or Circuit Court for the State of Michigan, or in the United States District Court for the Western District of Michigan. By acceptance of the certificate, the certificate owner consents that all such courts shall have personal jurisdiction of the certificate owner with respect to any such action.
- The certificate is not FDIC or SIPC insured.
- The certificate is not a bank instrument.
- The certificate is not guaranteed by the RCA, any church, classis, synod, assembly, corporation, institution or agency affiliated with the RCA, or any other guarantor.

260.141.11 Restriction on Transfer

- (a) The issuer of any security upon which a restriction on transfer has been imposed pursuant to Section 260.102.6, 260.141.10 or 260.534 shall cause a copy of this section to be delivered to each issuee or transferee of such security at the time the certificate evidencing the security is delivered to the issuee or transferee.
- (b) It is unlawful for the holder of any such security to consummate a sale or transfer of such security, or any interest therein, without the prior written consent of the Commissioner (*until this condition is removed pursuant to Section 260.141.12 of these rules*), except:
- (1) to the issuer;
 - (2) pursuant to the order or process of any court;
 - (3) to any person described in Subdivision (i) of Section 25102 of the Code or Section 260.105.14 of these rules;
 - (4) to the transferor's ancestors, descendants or spouse, or any custodian or trustee for the account of the transferor or the transferor's ancestors, descendants, or spouse; or to a transferee by a trustee or custodian for the account of the transferee or the transferee's ancestors, descendants or spouse;
 - (5) to holders of securities of the same class of the same issuer;
 - (6) by way of gift or donation inter vivos or on death;
 - (7) by or through a broker-dealer licensed under the Code (*either acting as such or as finder*) to resident of a foreign state, territory or country who is neither domiciled in this state to the knowledge of the broker-dealer, nor actually present in this state if the sale of such securities is not in violation of any securities law of the foreign state, territory or country concerned;
 - (8) to a broker-dealer licensed under the Code in a principal transaction, or as an underwriter or member of an underwriting syndicate or selling group;
 - (9) if the interest sold or transferred is a pledge or other lien given by the purchaser to the seller upon a sale of the security for which the Commissioner's written consent is obtained or under this rule not required;
 - (10) by way of a sale qualified under Sections 25111, 25112, 25113, or 25121 of the Code, of the securities to be transferred, provided that no order under Section 25140 or subdivision (a) of Section 25143 is in effect with respect to such qualification;

SECTION 260.141.11 TITLE 10, CALIFORNIA CODE OF REGULATIONS

- (11) by a corporation to a wholly owned subsidiary of such corporation, or by a wholly owned subsidiary of a corporation to such corporation;
 - (12) by way of an exchange qualified under Section 25111, 25112 or 25113 of the Code, provided that no order under Section 25140 or subdivision (a) of Section 25143 is in effect with respect to such qualification;
 - (13) between residents of foreign states, territories, or countries who are neither domiciled nor actually present in this state;
 - (14) to the State Controller pursuant to the Unclaimed Property Law or to the administrator of the unclaimed property law of another state; or
 - (15) by the State Controller pursuant to the Unclaimed Property Law or by the administrator of the unclaimed property law of another state if, in either such case, such person (i) discloses to potential purchasers at the sale that transfer of the securities is restricted under this rule, (ii) delivers to each purchaser a copy of this rule, and (iii) advises the Commissioner of the name of each purchaser;
 - (16) by a trustee to a successor trustee when such transfer does not involve a change in the beneficial ownership of the securities;
 - (17) by way of an offer and sale of outstanding securities in an issuer transaction that is subject to the qualification requirement of Section 25110 of the Code but exempt from that qualification requirement by subdivision (f) of Section 25102; provided that any such transfer is on the condition that any certificate evidencing the security issued to such transferee shall contain the legend required by this section.
- (c) The certificates representing all such securities subject to such a restriction on transfer, whether upon initial issuance or upon any transfer thereof, shall bear on their face a legend, prominently stamped or printed thereon in capital letters of not less than 10-point size, reading as follows:

"IT IS UNLAWFUL TO CONSUMMATE A SALE OR TRANSFER OF THIS SECURITY, OR ANY INTEREST THEREIN, OR TO RECEIVE ANY CONSIDERATION THEREFOR, WITHOUT THE PRIOR WRITTEN CONSENT OF THE COMMISSIONER OF BUSINESS OVERSIGHT OF THE STATE OF CALIFORNIA, EXCEPT AS PERMITTED IN THE COMMISSIONER'S RULES."

INDEPENDENT AUDITORS' REPORT

The Audit Subcommittee of the
General Synod Council
The Reformed Church in America
Church Growth Fund, Inc.
Grand Rapids, Michigan

We have audited the accompanying financial statements of The Reformed Church in America Church Growth Fund, Inc., which comprise the statements of financial position as of September 30, 2021, 2020, and 2019, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Reformed Church in America Church Growth Fund, Inc. as of September 30, 2021, 2020 and 2019, and the changes in their net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

September 30, 2021, 2020, 2019

1. NATURE OF ORGANIZATION:

The Reformed Church in America Church Growth Fund, Inc. (RCACGF) is an agency of the General Synod of the Reformed Church in America (RCA). The term “agency” is defined in the RCA’s Book of Church Order. The General Synod Council (GSC) serves as the executive committee, as the Committee of Reference at meetings of the General Synod and as the Board of Trustees of the General Synod of the RCA. RCACGF loans money to churches, classes, and other agencies and affiliates of the Reformed Church in America to assist them in the purchase, construction, or improvement of church buildings, parsonages, and other property used in their ministry, or the purchase of land. RCACGF’s main source of revenue is the interest income generated from these loans. A substantial portion of RCACGF’s funds available for making loans is derived from the sales of debt securities, referred to as “savings certificates” by RCACGF, issued to investors.

As an agency of the General Synod of the Reformed Church in America, RCACGF is included under the group exemption ruling issued to the General Synod of the Reformed Church in America in January of 1988 by the Department of the Treasury, Internal Revenue Service. This ruling establishes that RCACGF is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code of 1986, except for taxes pertaining to unrelated business income. Accordingly, no provision for income taxes has been made in the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of RCACGF have been prepared on the accrual basis of accounting and conform to accounting principles generally accepted in the United States of America. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from their estimates.

CASH AND CASH EQUIVALENTS

RCACGF considers cash on deposit, cash on hand, and money market funds, to be cash equivalents. This cash and cash equivalent account, at times, exceeds federally insured limits. At September 30, 2021, 2020 and 2019, RCACGF has funds of \$9,184,726, \$7,755,959 and \$5,271,433, respectively, in excess of federally insured limits. RCACGF has not experienced any loss on these accounts and does not believe that it is exposed to any significant risk.

THE REFORMED CHURCH IN AMERICA CHURCH GROWTH FUND, INC.

Notes to Financial Statements

September 30, 2021, 2020, 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

INVESTMENTS

Investments in equity securities with readily determinable fair values and all investments in debt securities are held at fair value, investments in certificates (with an original maturity greater than 3 months) are held at cost, investments in unitized equities are held at net asset value, with realized and unrealized gains and losses and interest and dividends included in the statements of activities. The various investments in stocks, securities, mutual funds, and other investments are exposed to a variety of uncertainties, including interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in the values of these investments could occur in the near term. Such changes could materially affect the amounts reported in the financial statements of the RCACGF.

BENEFICIAL INTEREST IN KNOWN POOL OF ASSETS—RCA ENDOWMENT FUND

The GSC administers the RCA Endowment Fund which holds endowments for the benefit of RCACGF. Investments are reported at fair value, with gains and losses reported in the statements of activities.

INTEREST RECEIVABLE

Interest is accrued on mortgages and loans receivable when earned. There were no loans on non-accrual status at September 30, 2021, 2020 and 2019.

MORTGAGES AND LOANS RECEIVABLE

Loans are reported at the principal balance outstanding net of an allowance for doubtful loans. During the year ended September 30, 2020, RCACGF offered payment relief to all of their borrowers due to the COVID-19 pandemic. The borrowers were offered the following three payment relief options:

- Six months of interest only payments (16 borrowers participated)
- Three months with no loan payment. The interest still accrued and was added to the outstanding loan balance (6 borrowers participated). A seventh borrower was given six months of no loan payment with the deferred interest added to the outstanding loan balance.
- Three months with no loan payment, where the interest still accrued and was added to the outstanding loan balance, followed by three months of interest only payments (28 borrowers participated)

There were no payment relief options offered in the years ended September 30, 2021 and 2019.

THE REFORMED CHURCH IN AMERICA CHURCH GROWTH FUND, INC.

Notes to Financial Statements

September 30, 2021, 2020, 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

ALLOWANCE FOR DOUBTFUL LOANS

An allowance has been established for possible loan losses. The provision for losses charged to operations is based upon management's judgment of current and projected overall economic conditions, anticipated loan growth in the coming 12 months, the changes to the credit rating assigned to each loan as determined by financial ratio analysis and qualitative factors relating to each loan historical loan losses, the level of loan losses experienced in the most recent 12 months, current levels and trends of loans under modification, and the current level of loan delinquencies and the delinquency trend over the past 12 months. Management believes that the allowance is adequate for loan losses inherent in the portfolio. While management uses available information to recognize losses on loans, future additions or reductions in the allowances may be necessary based on changes in economic conditions.

A loan is considered impaired when it is probable that the principal will not be fully collected. Impairment is recognized by allocating a portion of the allowance for doubtful loans to such a loan to the extent that the recorded investment of an impaired loan exceeds its value. A loan's value is based on the loan's collateral or the expected future cash flows. Allocations for impaired loans are considered in relation to the overall adequacy of the allowance for doubtful loans and adjustments are made to the provision for doubtful loans as deemed necessary. There were no loan impairments during the years ended September, 30, 2021, 2020 or 2019.

A loan is considered non-performing when placed on non-accrual status. Management considers a number of different factors when determining if a loan should be placed on non-accrual status. These factors include: how long the loan has been delinquent; prospect for the resumption of payments and the borrower's ability to bring all delinquent payments current; and the value of collateral compared to the loan balance relating to the likelihood of a loan loss.

CLASSES OF NET ASSETS

Net assets without donor restrictions include all resources which are not subject to donor-imposed restrictions of a more specific nature than those which only obligate the organization to utilize funds to further its mission.

Net assets with donor restrictions consist of endowment fund investments to be held in perpetuity, and the unappropriated income from which is to be paid to RCACGF.

OPERATING MEASURES

RCACGF classifies its statements of activities into operating and non-operating activities. Operating activities include all income and expenses related to carrying out RCACGF's mission, including interest earned on mortgages and loans, interest and dividends and investment realized gains and losses. Non-operating activities include grants to related organizations (GSC), net unrealized gains and losses on investments, and gains and losses on Canadian exchange.

THE REFORMED CHURCH IN AMERICA CHURCH GROWTH FUND, INC.

Notes to Financial Statements

September 30, 2021, 2020, 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

CONTRIBUTIONS

Contributions are recorded as revenue upon receipt of cash or unconditional promises to give (pledges). Contributions are considered without donor restrictions unless specifically restricted by the donor. For the years ended September 30, 2021, 2020 and 2019, RCACGF did not have any contributions with donor imposed restrictions.

FUNCTIONAL ALLOCATION OF EXPENSES

Expenses are recognized when incurred in accordance with the accrual basis of accounting. The financial statements report certain categories of expenses that are attributable to one or more program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include certain office expenses, which are allocated on the basis of estimates of time and effort.

RECENTLY ADOPTED ACCOUNTING STANDARDS

In 2018, the FASB issued ASU No. 2018-08, which updates the *Not-for-Profit Entities* topic of the FASB ASC. This ASU clarifies the scope and accounting guidance for contributions made. RCACGF adopted the provisions of this new standard during the year ended September 30, 2021, and has implemented the guidance on a modified retrospective approach, meaning, changes are only applied to the portion of expense that has not yet been recognized before the adoption of this ASU and there is no impact to beginning net assets as of September 30, 2021, 2020 and 2019.

In 2018, the FASB issued ASU No. 2018-13, *Fair Value Measurement (topic 820): Changes to the Disclosure Requirements for Fair Value Measurement*. RCACGF adopted the provisions of this new standard during the year ended September 30, 2021. Adoption of this new standard had no effect on change in net assets or net assets in total for the years ending September 30, 2021, 2020, and 2019.

THE REFORMED CHURCH IN AMERICA CHURCH GROWTH FUND, INC.

Notes to Financial Statements

September 30, 2021, 2020, 2019

3. INVESTMENTS:

Investments include the following:

	September 30,		
	2021	2020	2019
Investments held at fair value:			
Fixed income—asset backed securities	41,641	248,181	\$ 409,346
Fixed income—corporate bonds	7,087,079	5,856,675	4,065,766
Fixed income—government and municipal bonds	6,326,361	6,683,963	6,254,177
Corporate stocks	3,562,428	3,279,823	2,863,066
Exchange-traded funds	246,248	237,763	340,244
	<u>\$ 17,263,757</u>	<u>\$ 16,306,405</u>	<u>\$ 13,932,599</u>
Investments held at cost:			
Investment certificates	\$ 1,014,509	\$ -	\$ -
Investments held at net asset value:			
Unitized equities	<u>1,217,443</u>	<u>-</u>	<u>-</u>
Total investments	<u>\$ 19,495,709</u>	<u>\$ 16,306,405</u>	<u>\$ 13,932,599</u>

Investments held at net asset value consist of funds held at a financial institution whereas RCACGF owns units in a fund and the underlying assets are invested in various securities. These fund investments consist of several underlying equity funds. The main purpose of these funds is to hold varying levels of investment types to provide diversification to RCACGF's investment portfolio. As of September 30, 2021, there were no unfunded commitments or redemption restrictions for these investments held at net asset value. There were no investments held at net asset value at September 30, 2020 and 2019.

THE REFORMED CHURCH IN AMERICA CHURCH GROWTH FUND, INC.

Notes to Financial Statements

September 30, 2021, 2020, 2019

4. FAIR VALUE MEASUREMENTS:

The table below presents the level within the fair value hierarchy at which investments are measured at September 30, 2021, 2020 and 2019:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
As of September 30, 2021:				
Investments held at fair value:

THE REFORMED CHURCH IN AMERICA CHURCH GROWTH FUND, INC.

Notes to Financial Statements

September 30, 2021, 2020, 2019

4. FAIR VALUE MEASUREMENTS, continued:

The table below presents the level within the fair value hierarchy at which investments are measured at September 30, 2021, 2020 and 2019, continued:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
As of September 30, 2019:				
Investments:				
Fixed income—asset backed securities	\$ 409,346	\$ -	\$ 409,346	\$ -
Fixed income—corporate bonds	4,065,766	-	4,065,766	-
Fixed income—government and municipal bonds	6,254,177	-	6,254,177	-
Corporate stocks	2,863,066	2,863,066	-	-
Exchange-traded funds	340,244	340,244	-	-
Total investments	<u>\$ 13,932,599</u>	<u>\$ 3,203,310</u>	<u>\$ 10,729,289</u>	<u>\$ -</u>
Beneficial interest in known pool of assets- RCA Endowment Fund	<u>\$ 623,329</u>	<u>\$ -</u>	<u>\$ 623,329</u>	<u>\$ -</u>

The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis:

Level 1 Fair Value Measurements

The fair value of these financial instruments is based on quoted market prices or dealer quotes. These investments consist of corporate stocks and exchange-traded funds.

Level 2 Fair Value Measurements

Beneficial interest in known pool of assets (RCA Endowment Fund) – RCACGF owns units in a pool of assets and the holding entity (GSC) owns the underlying assets consisting of publicly traded investments, certificates of deposit, money market funds, U.S. government bonds, international bonds, federal tax-exempt securities, corporate bonds, asset-backed securities and equities. The beneficial interests have no redemption limitations, and therefore are recorded as Level 2 in the fair value table.

THE REFORMED CHURCH IN AMERICA CHURCH GROWTH FUND, INC.

Notes to Financial Statements

September 30, 2021, 2020, 2019

4. FAIR VALUE MEASUREMENTS, continued:

The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis, continued:

Level 2 Fair Value Measurements, continued

Fixed income-asset backed securities, corporate, government and municipal bonds – The fair value of these financial instruments is based on yields currently available on comparable securities of issuers with similar credit ratings.

Level 3 Fair Value Measurements

In certain cases where Level 1 or Level 2 inputs are not available, investments are classified as Level 3 that use unobservable inputs in which there is little or no market data, and require the reporting entity to develop its own assumptions. RCACGF did not have any investments valued with Level 3 inputs as of or for the years ended September 30, 2021, 2020 and 2019.

5. LIQUIDITY AND AVAILABILITY OF RESOURCES:

Financial assets are considered unavailable when illiquid or not convertible to cash within one year, unfunded portions of line of credit commitments, or liquidity reserve limits required for church extension funds. The following table reflects the RCACGF's financial assets as of September 30, 2021, 2020 and 2019, reduced by amounts not available for general expenditure within one year.

	September 30,		
	2021	2020	2019
Financial assets:			
Cash and cash equivalents	\$ 9,273,465	\$ 8,225,636	\$ 5,405,527
Investments	19,495,709	16,306,405	13,932,599
Beneficial interest in known pool of assets–RCA Endowment Fund	757,124	678,560	623,329
Interest receivable on mortgage and loans receivable	124,966	143,146	150,394

Financial assets, at year end	<u>86,867,480</u>	<u>84,681,397</u>	<u>82,440,353</u>
Less those unavailable for general expenditure within one year due to:			
Loans receivable collectible beyond one year	(55,756,303)	(58,453,636)	(60,909,586)
Beneficial interest in known pool of assets–RCA Endowment Fund (Note 8)	(757,124)	(678,560)	(623,329)
RCACGF required liquidity reserves*	<u>(3,946,968)</u>	<u>(3,870,499)</u>	<u>(3,800,410)</u>
	<u>\$ 26,407,085</u>	<u>\$ 21,678,702</u>	<u>\$ 17,107,028</u>

THE REFORMED CHURCH IN AMERICA CHURCH GROWTH FUND, INC.

Notes to Financial Statements

September 30, 2021, 2020, 2019

5. LIQUIDITY AND AVAILABILITY OF RESOURCES, continued:

RCACGF is substantially supported by interest earned on mortgages and loans and investment income for which a substantial portion does not carry restrictions. As part of RCACGF's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. For the years ended September 30, 2021, 2020 and 2019, RCACGF has available an unsecured line of credit in the amount of \$5 million which could be drawn upon in the event of an unanticipated liquidity need.

*RCACGF's policy is to maintain, at all times, cash, cash equivalents and investments that are not loaned to churches in the aggregate amount, that are not less than 10% of the aggregate principal balance of the outstanding term savings certificates of the RCACGF and not less than 15% of the aggregate principal balance of the outstanding demand savings certificates.

6. MORTGAGES AND LOANS RECEIVABLE:

Mortgages and loans receivable were comprised of:

- Secured loans receivable: which are loans collateralized by mortgages on the properties owned by the respective borrowers. They are collectible in installments and mature at various dates through fiscal year ending 2049.
- Unsecured loans receivable: which are unsecured and are collectible in installments and mature at various dates through fiscal year ending 2026.

Mortgages and loans receivable balances consisted of the following:

	September 30,		
	2021	2020	2019
Secured loans receivable	\$ 56,593,836	\$ 58,381,636	\$ 61,843,229
Unsecured loans receivable	622,380	946,014	485,275
	57,216,216	59,327,650	62,328,504
Allowance for doubtful loans	(1,700,000)	(1,700,000)	(1,700,000)
Mortgages and loans receivable-net	<u>\$ 55,516,216</u>	<u>\$ 57,627,650</u>	<u>\$ 60,628,504</u>

RCACGF evaluates loans for impairment on an individual basis if the loan is more than 90 days delinquent. These loans are then given a specific allowance based on the estimated net realizable value of property serving as collateral. All other loans are evaluated for allowance on a collective basis. At September 30, 2021, 2020 and 2019, all loans were collectively evaluated and no impairment was noted.

THE REFORMED CHURCH IN AMERICA CHURCH GROWTH FUND, INC.

Notes to Financial Statements

September 30, 2021, 2020, 2019

6. MORTGAGES AND LOANS RECEIVABLE, continued:

Status for performing and nonperforming real estate loans is based on payment activity for the year. Payment activity is reviewed by management on a monthly basis to determine how loans are performing. Loans are considered to be nonperforming when days delinquent is greater than 60 days in the previous month.

The following table presents credit exposure by performance status:

	September 30,		
	2021	2020	2019
Performing	\$ 57,216,216	\$ 59,327,650	\$ 62,328,504
Non-performing	-	-	-
	<u>\$ 57,216,216</u>	<u>\$ 59,327,650</u>	<u>\$ 62,328,504</u>

RCACGF classifies loans as past due if the loan is more than 30 days past due but less than 90 days delinquent. There were no past due loans or loans classified as delinquent or impaired as of September 30, 2021, 2020 and 2019.

	September 30,		
Interest rate	2021	2020	2019

Notes to Financial Statements

September 30, 2021, 2020, 2019

6. MORTGAGES AND LOANS RECEIVABLE, continued:

Although RCACGF has no geographical restrictions within the United States on where loans are made, aggregate loans equal to or in excess of five percent of total balances at September 30, 2021, were located in the following states:

State	Number of Loans	Principal Outstanding	Percent of Loan Portfolio
Michigan	33	\$ 17,559,598	31%
California	11	8,185,650	14%
Iowa	8	5,163,002	9%
Illinois	4	4,723,357	8%
New York	17	3,268,236	6%
New Jersey	19	3,592,683	6%
Pennsylvania	5	3,195,546	6%
	<u>97</u>	<u>\$ 45,688,072</u>	<u>80%</u>

THE REFORMED CHURCH IN AMERICA CHURCH GROWTH FUND, INC.

Notes to Financial Statements

September 30, 2021, 2020 and 2019

7. DEBT SECURITIES PAYABLE:

RCACGF's primary means of financing its activities is by selling savings certificates. These debt securities are unsecured general debt obligations, and each investor will have a claim against the assets of RCACGF equal with other debt securities holders and unsecured creditors. The average weighted interest rate on savings certificates was 1.72%, 2.21% and 2.38% at September 30, 2021, 2020 and 2019, respectively. RCACGF was indebted as summarized below:

Term (Months)	September 30, 2021		September 30, 2020		September 30, 2019	
	Number	Aggregate Principal Balance	Number	Aggregate Principal Balance	Number	Aggregate Principal Balance
Demand	129	\$ 9,181,500	126	\$ 8,552,284	126	\$ 8,673,635
12	99	6,129,465	77	4,085,642	85	4,333,994
18	36	1,860,581	50	2,783,368	25	1,482,422
24	66	2,420,589	44	1,259,993	47	1,537,020
30	150	8,058,552	172	8,466,212	145	6,623,532
36	92	2,359,463	109	3,506,422	116	4,762,021
48	22	790,110	25	954,839	27	1,106,287
60	156	3,452,626	164	3,765,165	193	4,256,444
63	-	-	14	412,638	14	407,049
120	35	626,043	39	642,283	36	484,881
	<u>785</u>	<u>\$ 34,878,929</u>	<u>820</u>	<u>\$34,428,846</u>	<u>814</u>	<u>\$33,667,285</u>

Investors have no right to the early redemption of their debt securities prior to their maturity. If an investor requests an early redemption, RCACGF may impose an early redemption fee.

THE REFORMED CHURCH IN AMERICA CHURCH GROWTH FUND, INC.

Notes to Financial Statements

7. DEBT SECURITIES PAYABLE, continued:

The debt securities mature at various dates through 2031. Debt securities at September 30, 2021, were comprised of:

Interest Rate	Year of Maturity	Amount
.50-1.50%	Demand	\$ 9,181,500
1.00-3.50%	2022	15,203,729
1.25-2.75%	2023	4,521,756
1.40-3.00%	2024	4,298,641
1.50-3.00%	2025	528,710
2.00-2.25%	2026	592,041
2.25%	2027	15,000
3.00%	2028	118,551
3.50-3.75%	2029	138,276
3.00-3.25%	2030	147,049
2.00-2.25%	2031	133,676
		<u>\$ 34,878,929</u>

RCACGF had 109 investors with aggregate balances of \$100,000 or more as of September 30, 2021. The balances over \$100,000 were distributed as follows:

<u>Aggregate Debt Securities Balances by Investor</u>	<u>September 30, 2021</u>		
	Number of Investors	Aggregate Balance	Percentage of Outstanding Debt Securities
\$100,000 – \$200,000	59	\$ 7,675,883	22%
\$200,001 – \$300,000	26	6,158,590	18%
\$300,001 – \$500,000	14	5,529,554	16%
Greater than \$500,000	10	8,500,110	24%
	<u>109</u>	<u>\$ 27,864,137</u>	<u>80%</u>

7. DEBT SECURITIES PAYABLE, continued:

At September 30, 2021, RCACGF's investors were concentrated in five states as follows:

State	Number of Investors	Aggregate Balance	Percent of Outstanding Debt Securities
Michigan	76	\$ 10,616,375	30%
New York	101	7,087,608	20%
Iowa	51	5,184,653	15%
New Jersey	50	3,784,194	11%
Illinois	18	1,765,314	5%
	<u>296</u>	<u>\$ 28,438,144</u>	<u>81%</u>

The officers, directors, and executive staff of RCACGF may be investors in RCACGF on the same terms and conditions as other investors. As of the years ended September 30, 2021, 2020 and 2019, as a group, they held debt securities aggregating \$16,503, \$19,214 and \$207,625, respectively.

8. NET ASSETS WITH DONOR RESTRICTIONS:

The net assets with donor restrictions represent three endowments that are invested within the RCA Endowment Fund. Per the terms of the endowment agreements, the income earned from these investments is to be used for general purposes. The disclosures required by the *Reporting Endowment Funds* topic of the FASB Accounting Standards Codification (ASC) have not been included in these financial statements due to immateriality. The following classifications reflect the nature of restrictions to net assets with donor restrictions at September 30, 2021, 2020 and 2019:

	September 30,		
	2021	2020	2019
Restricted by purpose:			
Accumulated endowment earnings	\$ 595,653	\$ 517,089	\$ 461,858
Restricted in perpetuity	161,471	161,471	161,471
	<u>\$ 757,124</u>	<u>\$ 678,560</u>	<u>\$ 623,329</u>

9. LINE OF CREDIT:

The RCACGF holds a \$5,000,000 unsecured line of credit with PNC Bank. Amounts outstanding under this line of credit will bear interest at a rate per annum equal to the Daily LIBOR plus 1.75%. The agreement requires the RCACGF to reduce the outstanding principal balance thereof to zero for a period of at least sixty (60) consecutive days prior to the expiration date. The line of credit expires March 31, 2022. RCACGF had no outstanding balance on this line of credit for the years ended September 30, 2021, 2020 and 2019.

RCACGF was in compliance with all debt covenants for the years ended September 30, 2021, 2020 and 2019.

10. EMPLOYEE BENEFITS:

RETIREMENT PLAN

All current full time employees are eligible for participation in a 403(b) defined contribution retirement plan, which is administered by the Board of Benefits Services of the Reformed Church in America, Inc. (BOBS). RCACGF contributes eleven percent of all eligible employees' salaries to the 403(b) plan. RCACGF's contribution to this plan, included in expenses, were approximately \$21,000, \$23,000 and \$25,000 for the years ended September 30, 2021, 2020 and 2019, respectively.

MEDICAL BENEFITS

All current full time employees are eligible for participation in a health insurance program, which is administered by The Reformed Benefits Association. The employer does not incur any liability for claims made by employees. The costs incurred for the plan premiums were approximately \$34,000, \$44,000 and \$52,000 for the years ended September 30, 2021, 2020 and 2019, respectively.

12. RELATIONSHIP TO THE RCA; RELATED PARTY TRANSACTIONS:

Although a separate not-for-profit corporation, RCACGF functions as a part of the Reformed Church in America (RCA) under the ultimate ecclesiastical supervision of the General Synod through the General Synod Council (GSC). There is a close working relationship with the GSC based on RCACGF's primary purpose of making loans to RCA churches and other assemblies, the making of grants to the GSC, and the General Synod's election of RCACGF's Board of Directors.

As a result, the RCACGF's mission and purpose are unavoidably intertwined with those of the RCA and its agencies, assemblies, and institutions, and there are numerous relationships with these parties. Those relationships include the sharing of certain employees included in shared service fees; combined funds in GSC investments and the RCA Endowment Fund, the RCA's management of those assets, and the potential for the GSC to invest in RCACGF's debt securities; the making of grants to the GSC; the sharing of office space, office supplies, computers, and other office resources; and the payment of retirement benefits to BOBS. RCACGF also has debt securities outstanding to agencies, assemblies, and institutions of the RCA and may have debt securities outstanding to GSC employees, officers, and directors or their family members, each on the same terms as debt securities available generally at the time of purchase.

The schedule below summarizes related party assets, liabilities, revenues, and expenses and the amounts attributable to them:

	September 30,		
	2021	2020	2019
Assets:			
Beneficial interest in known pool of assets—			
RCA Endowment Fund	\$ 757,124	\$ 678,560	\$ 623,329
Liabilities:			
GSC investment in debt securities payable	\$ 847,521	\$ 527,171	\$ 508,861
BOBS investment in debt securities payable	495,213	283,947	-
Accounts payable to GSC	27,652	57,400	1,063
	<u>\$ 1,370,386</u>	<u>\$ 868,518</u>	<u>\$ 509,924</u>

THE REFORMED CHURCH IN AMERICA CHURCH GROWTH FUND, INC.

12. RELATIONSHIP TO THE RCA; RELATED PARTY TRANSACTIONS, continued:

	Year Ended September 30,		
	2021	2020	2019
Revenues:			
GSC investment income	\$ -	\$ -	\$ 47,087
Grant from GSC	-	50,449	-
RCA Endowment Fund distributions	29,508	13,938	26,812
Change in value of funds held in RCA Endowment Fund	78,564	55,231	11,060
	<u>\$ 108,072</u>	<u>\$ 119,618</u>	<u>\$ 84,959</u>
Expenses:			
Grants to GSC	\$ 780,000	\$ 791,000	\$ 771,000
Fees paid to GSC for shared services	84,665	154,397	147,245
Retirement contributions paid to BOBS	20,999	22,566	25,002
Interest on GSC's investment in debt securities	20,349	18,310	8,861
Interest on BOBS' investment in debt securities	11,266	8,947	-
	<u>\$ 917,279</u>	<u>\$ 995,220</u>	<u>\$ 952,108</u>

Additionally, a former member of RCACGF's investment advisory committee is a partner at a firm which managed approximately \$1,000,000 of RCACGF's investments. Fees paid to this firm for advisory services were \$2,597 and \$2,462 for the years ending September 30, 2020 and 2019, respectively. This committee member's term ended on June 30, 2020, and the account was closed in March 2021.

13. COMMITMENTS:

The RCACGF supports the ministry of the denomination and its churches by distributing up to 50% of its net operating income to the GSC for use as ministry grants, as designated by the RCACGF. Net operating income is defined as income less expenses exclusive of loan loss reserve and all unrealized gains and losses. The 50% distribution amount will be subject to review annually by the RCACGF board of directors. Designated ministry grants and amounts will include: (a) up to 25% of net operating income to support church multiplication, (b) up to \$50,000 annually to support the Next Generation Missional Engagement Fund, and (c) other ministry programs as may be designated by the RCACGF board of directors allowed under the bylaws of the RCACGF. The amounts contributed for these designated ministries are subject to change by the board of directors.

At September 30, 2021, 2020 and 2019, RCACGF had outstanding loan commitments estimated at approximately \$4,905,000, \$3,375,000 and \$8,523,000, respectively.

Notes to Financial Statements

September 30, 2021, 2020, 2019

14. CONCENTRATIONS OF CREDIT RISK:

The financial instrument that potentially subjects the RCACGF to concentrations of credit risk consists primarily of mortgages and loans receivable. Concentrations of credit risk with respect to mortgages and loans receivable are limited to a certain extent by the secured position of RCACGF in most instruments, the number of organizations comprising RCACGF's mortgages receivable base and their dispersion across geographic areas, and RCACGF's policy of limiting the maximum loan amount to any one borrower.

The creditworthiness of each loan applicant is assessed on a case-by-case basis. Currently, 98.91% of loans are secured by a first mortgage on the existing facility or real property, but some of them may be secured by a pledge of personal property or by a junior lien. The remaining 1.09% are unsecured and are collectible in installments and mature at various dates through 2026. Other credit considerations are represented by the terms of the loan, loan to value ratios, and other credit factors. RCACGF maintains a policy to review all loans monthly to determine past due or delinquent status based on contractual terms and how recently payments have been received. Typically, RCACGF will not consider a loan for the purpose of constructing a new building until the congregation or other organization has met an equity interest in the property to the satisfaction of RCACGF.

As disclosed in Note 1, RCACGF loans money to churches, classes, and other agencies and affiliates of the Reformed Church in America to assist them in the purchase, construction, or improvement of church buildings, parsonages, and other property used in their ministry, or the purchase of land. As of September 30, 2021, 2020 and 2019, RCACGF's mortgages and loans receivable from those organizations are disclosed in Note 6.

15. RISKS AND UNCERTAINTIES:

COVID-19

In March of 2020, the World Health Organization declared the outbreak of the coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States. COVID-19 has caused a severe negative impact on the world economy and has contributed to significant declines and volatility in financial markets. The duration and impact of the COVID-19 pandemic, as well as the effectiveness of government and central bank responses, remains unclear at this time. It is not possible to reliably estimate the duration and severity of these consequences, as well as their impact on the financial position and results of RCACGF for future periods. Management is carefully monitoring the situation and evaluating its options as circumstances evolve.

15. RISKS AND UNCERTAINTIES, continued:

VISION 2020

There are differences within the RCA regarding theology and ministry practices. As a way to address these issues and the disagreement surrounding them within the denomination, the General Synod in June 2018 appointed a vision team to identify possible scenarios, strategies, and consequences for the following three future options for the RCA: (a) staying together, (b) radical reconstituting and reorganization of the denomination, or (c) grace-filled separation of the denomination. The vision group presented an interim report to General Synod in June 2019, with the intent to present a final report to the General Synod in June 2020. Due to the COVID-19 pandemic, the 2020 General Synod is not scheduled to be held until October 2021. The vision team released its final report, however due to this postponement, no action has been taken relating to the report. Depending on how RCACGF borrowers and investors view the report and General Synod's ultimate action on it, there remains the possibility that some churches borrowing from RCACGF may leave the RCA and pay off loans, which could result in decreased operating income. Likewise, there is a possibility that some investors may choose to redeem their debt securities, either immediately if they hold Demand Savings Certificates, or upon maturity if they hold Term Savings Certificates. Decreased reinvestments or increased redemptions could affect liquidity, the ability to operate loan programs, and the ability to repay debt securities.

16. SUBSEQUENT EVENTS:

Subsequent events have been evaluated through December 17, 2021, which represents the date the financial statements were available to be issued. Subsequent events after that date have not been evaluated.

The General Synod met in October 2021. At this meeting, General Synod voted to form a team that is tasked to develop a restructuring plan for the denomination "with a view to optimizing the RCA's sustained spiritual and organizational health". General Synod also adopted new regulations that provide for mutually generous separation when churches leave the RCA over the next five years. In anticipation of some churches leaving the denomination, General Synod also approved bylaws changes for RCACGF, allowing loans to be outstanding and disbursed to churches formerly organized as an RCA local church or collegiate church. The RCACGF board of directors approved these bylaws changes in November 2021.
