INDEPENDENT AUDITORS’ REPORT

The Audit Subcommittee of the
General Synod Council
General Synod Council of the
Reformed Church in America
Grand Rapids, Michigan

We have audited the accompanying consolidated financial statements of the General Synod Council of the Reformed Church in America which comprise the consolidated statements of financial position as of September 30, 2020 and 2019, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management’s Responsibility for the Consolidated Financial Statements
Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility
Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of General Synod Council of the Reformed Church in America as of September 30, 2020 and 2019, and the changes in their consolidated net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

1,338,016 2,003,154

**Cash and Cash Equivalents, End of Year**

$2,492,206 $1,338,016

**SUPPPLEMENTAL DISCLOSURES:**

- Noncash financing transaction of loan forgiveness recognized as revenue

  $1,347,600 -

See notes to consolidated financial statements
1. **NATURE OF THE ORGANIZATION:**
   The General Synod Council (GSC) serves as the Executive Committee of the General Synod of the Reformed Church in America (RCA), as the Committee of Reference at meetings of the General Synod, and as the Board of Trustees of the General Synod. The General Synod Council acts as the agent of the General Synod of the Reformed Church in America to enable its participation in God’s work in the world and to equip congregations and assemblies for mission and ministry.

   The accompanying consolidated financial statements include all administrative offices and program offices of the RCA. These consolidated financial statements do not include the accounts of all organizations of the RCA, such as the Board of Benefits Services of the Reformed Church in America, Inc. (BOBS), The Reformed Church in America Church Growth Fund, Inc. (RCACGF), congregations, schools, cemeteries, homes, seminaries, or any other RCA affiliated associations, except insofar as financial transactions have taken place between them and the GSC (e.g., staff service charges, payments of benefits, and investments held for related organizations). Each is an operating entity distinct from the GSC, maintains separate accounts, carries on its own services and programs, and reports annually to its respective constituency.

   The GSC is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

   **BASIS OF ACCOUNTING**
   The consolidated financial statements of the General Synod Council of The Reformed Church in America have been prepared on the accrual basis of accounting and conform to accounting principles generally accepted in the United States of America.

   **PRINCIPLES OF CONSOLIDATION**
   The GSC owns 89 percent of the net assets of the Michigan Condo Association at September 30, 2020 and 2019. As a majority owner, all assets and liabilities are recognized on the consolidated statements of financial position and income on the consolidated statements of activities. The amount owned by others is shown on the consolidated statements of financial position as an other liability as of September 30, 2019 and was reclassified to net assets without donor restrictions as of September 30, 2020. All net assets of the Michigan Condo Association are without donor restrictions.
2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

PRINCIPLES OF CONSOLIDATION, continued
For the year ended September 30, 2020, changes in consolidated net assets without donor restrictions attributable to the controlling financial interest of the GSC and the non-controlling interest are:

</tbody>
</table>

USE OF ESTIMATES
The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from their estimates.

CASH AND CASH EQUIVALENTS
The GSC considers cash on deposit, cash on hand, and certificates of deposit with original maturities of three months or less when purchased, and money market funds to be cash equivalents. These cash and cash equivalent accounts, at times, exceed federally insured limits. The GSC has not experienced any loss on these accounts and does not believe that it is exposed to any significant risk. At September 30, 2020 and 2019, the GSC exceeded federally insured limits by $2,639,403 and $1,518,043, respectively.

INVESTMENTS
Investments in equity securities with readily determinable fair values and all investments in debt securities are reported at fair value, with interest, dividends, and realized and unrealized gains and losses included in the consolidated statements of activities. The various investments in stocks, securities, mutual funds, and other investments are exposed to a variety of uncertainties, including interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in the values of these investments could occur in the near term. Such changes could materially affect the amounts reported in the consolidated financial statements of the GSC.
2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

INVESTMENTS HELD FOR LONG-TERM PURPOSES
Investments held for long-term purposes are reported at fair value, with interest, dividends and net realized and unrealized gains and losses included in investment income without donor restrictions in the consolidated statements of activities unless donor or law restricts their use. These investments benefit the GSC programs and RCA related organizations, including churches, colleges and RCACGF.

PROPERTY, PLANT, AND EQUIPMENT
Land, buildings, and equipment are stated at cost, or, if donated, at the estimated fair value at the date of donation. Depreciation is recorded using the straight-line method at various rates calculated to allocate the cost of the respective items over their estimated useful lives. Plant and equipment purchases over $5,000 are capitalized. Plant and equipment purchases less than $5,000 are expensed as incurred.

Estimated useful lives are:

- Buildings: 5 – 40 years
- Building improvements: 5 – 30 years
- Leasehold improvements: 5 – 10 years
- Furniture and equipment: 3 – 15 years

LIABILITIES HELD UNDER SPLIT-INTEREST AGREEMENTS
The GSC has established gift annuity plans and charitable remainder trusts whereby donors may contribute assets to the GSC in exchange for the right to receive distributions during their lifetimes. These agreements are irrevocable and designate the GSC or other organizations to receive the residuum of the assets at the grantor’s death. The majority of agreements do not list the GSC as the beneficiary, but rather a reformed church in New York. Upon maturity of the agreement, the GSC remits the fair value of the funds to the church. During the life of the agreement, the GSC monitors the present value of future annuity payments compared to the market value of the funds to other beneficiaries and records a liability for the greater of the present value or market value.
2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

CLASSES OF NET ASSETS

*Net assets without donor restrictions* include all resources which are not subject to donor-imposed restrictions of a more specific nature than those which only obligate the organization to utilize funds in furtherance of its mission.

*Net asset with donor restrictions- Restricted by purpose or time* carry specific, donor-imposed restrictions on the expenditure or other use of contributed funds. Restrictions may expire either because of the passage of time or because certain actions are taken by the organization which fulfill the restrictions. Expirations of net assets with donor restrictions- restricted by purpose or time (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

*Net assets with donor restrictions- Restricted in perpetuity* are those that are subject to donor-imposed restrictions which will never lapse, thus requiring that the funds be held in perpetuity. Generally, the donors of these funds permit the GSC to use all or part of the income earned on related investments and the net capital appreciation thereon for general or specific purposes.

DONOR ADVISED FUNDS

Charitable fund agreements allow donors to make outright charitable contributions to this fund which is used to provide charitable donations (grants) to qualified charitable organizations whose purposes, programs and practices are consistent with the Christian character of the GSC. The funds are under the complete control of the GSC, but donors are allowed to make recommendations as to their distribution. These types of gift agreements are commonly referred to as donor advised funds and are reported as contributions without donor restrictions and designated net assets.

REVENUE, EXPENSES, AND CONTRIBUTIONS

Revenues are reported as increases in net assets without donor restrictions when earned, unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions when incurred. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions when incurred unless their use is restricted by explicit donor stipulation or law. Expiration of net assets with donor restrictions (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

Contributions received with donor-imposed restrictions are reported as revenue in the net assets with donor restrictions class. Contributions of property, plant and equipment without donor-imposed restrictions concerning their use are reported as revenue in the net asset without donor restrictions class.
GENERAL SYNOD COUNCIL OF
THE REFORMED CHURCH IN AMERICA

Notes to Consolidated Financial Statements

September 30, 2020 and 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

REVENUE, EXPENSES, AND CONTRIBUTIONS, continued:
Assessment revenues are received from RCA classes based upon the number of confessing members in the classes. Assessment revenue is reported at the amount that reflects the consideration to which GSC expects to be entitled in exchange for providing membership to its classes. The assessment was calculated at $54.30 and $54.22 per confessing member for the calendar years ended 2020 and 2019, respectively. Revenue is recognized as performance obligations are satisfied, which is ratable over the membership term. Generally, the GSC bills the classes quarterly. A portion of these assessments is passed on to RCA theological institutions and BOBS. Due to the COVID 19 pandemic and the postponement of General Synod 2020, the GSC discounted the assessments due in the third and fourth quarters of the fiscal year by 30 percent.

FUNCTIONAL ALLOCATION
The costs of providing the various program services and supporting activities of the GSC have been summarized on a functional basis in the consolidated statements of activities and statements of functional expenses. Certain costs not directly attributable to specific program services or functions have been allocated to program services and supporting activities. Management allocates costs based on square footage and full time equivalents attributed to the function. The GSC incurred no joint costs during the years ended September 30, 2020, and 2019.

RECENTLY ADOPTED ACCOUNTING STANDARDS
In 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, Revenue from Contracts with Customers (topic 606 of the FASB Accounting Standards Codification (ASC)). The GSC adopted the provisions of this new standard during the year ended September 30, 2020. The new standard applies to exchange transactions with customers (members) that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition. Adoption of this standard had no effect on the change in net assets or net assets in total for the years ending September 30, 2020 and 2019.

In 2018, the FASB issued ASU No. 2018-08, which updates the Not-for-Profit Entities topic of the FASB ASC. This ASU clarifies the scope and accounting guidance for contributions received. The GSC adopted the provisions of this new standard during the year ended September 30, 2020, and has implemented the guidance on a modified retrospective approach, meaning, changes are only applied to the portion of revenue that has not yet been recognized before the adoption of this ASU and there is no impact to beginning net assets as of September 30, 2020 and 2019.
3. LIQUIDITY AND AVAILABILITY OF RESOURCES:
The following table reflects the GSC's financial assets as of September 30, 2020 and 2019, reduced by amounts not available for general expenditure within one year. Financial assets are considered unavailable when illiquid or not convertible to cash within one year. Financial assets available to meet cash needs for general expenditures are:

<table>
<thead>
<tr>
<th>Financial assets:</th>
<th>September 30,</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>2020</td>
</tr>
<tr>
<td>Cash and cash equivalents</td>
<td>$ 2,492,206</td>
</tr>
<tr>
<td>Investments</td>
<td>15,246,671</td>
</tr>
<tr>
<td>Accounts receivable-net</td>
<td>114,404</td>
</tr>
<tr>
<td>Investments held under split-interest agreements</td>
<td>1,180,049</td>
</tr>
<tr>
<td>Investments held for long-term purposes</td>
<td>20,468,968</td>
</tr>
<tr>
<td>Beneficial interest in third-party perpetual funds</td>
<td>3,529,021</td>
</tr>
<tr>
<td>Financial assets, at year end</td>
<td>43,031,319</td>
</tr>
</tbody>
</table>

Less those unavailable for general expenditures within one year, due to:

<table>
<thead>
<tr>
<th>Financial assets:</th>
<th>September 30,</th>
</tr>
</thead>
<tbody>
<tr>
<td>Investments held under split-interest agreements</td>
<td>(1,180,049)</td>
</tr>
<tr>
<td>Investments held for long-term purposes</td>
<td>(20,468,968)</td>
</tr>
<tr>
<td>Beneficial interest in third-party perpetual funds</td>
<td>(3,085,359)</td>
</tr>
<tr>
<td>Restricted by donors with purpose or time restrictions, net of appropriations</td>
<td>(4,687,928)</td>
</tr>
<tr>
<td>Financial assets available to meet cash needs for general expenditures within one year</td>
<td>$ 13,609,015</td>
</tr>
</tbody>
</table>

As part of the GSC's liquidity management, the GSC has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. There are board designated funds within the investments held for long-term purposes, totaling $1,190,273 and $1,113,446 at September 30, 2020 and 2019, that with board approval, the board designated funds could be made available for general expenditures within the next twelve months.
4. **INVESTMENTS AND INVESTMENTS HELD FOR LONG-TERM PURPOSES:**

Investments include the following:

<table>
<thead>
<tr>
<th></th>
<th>September 30,</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>2020</td>
</tr>
<tr>
<td>Investments:</td>
<td></td>
</tr>
<tr>
<td>Investments held at fair value:</td>

</tr>
<tr>
<td>Fixed income</td>
<td>4,044,913</td>
</tr>
<tr>
<td>Equities</td>
<td>16,422,457</td>
</tr>
<tr>
<td></td>
<td>$ 20,468,968</td>
</tr>
</tbody>
</table>

| Investments held under split-interest agreements: |          |              |
| Investments held at cost:                        |          |              |
| Cash and money market funds                       | $ 265,799 | $ 261,592    |
| Investments held at net asset value:             |          |              |
| Unitized fixed income                            | 152,944   | 157,055      |
| Unitized equities                                | 761,306   | 850,074      |
|                                | $ 1,180,049 | $ 1,268,721  |

Investments held at net asset value consist of funds held at a financial institution whereas the GSC owns units in a fund and the underlying assets are invested in various securities. The main purpose of these funds are to hold varying levels of investment types, including various equities and fixed income bonds to hold assets under split-interest agreements. The fair value of the investments has been estimated using the net asset value per share of the investments. As of September 30, 2020 and 2019, there were no unfunded commitments or redemption restrictions for these investments held at net asset value.
5. **FAIR VALUE MEASUREMENTS:**
The following table presents the fair value measurements of assets and liabilities recognized in the accompanying consolidated statements of financial position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at September 30, 2020 and 2019, respectively:

<table>

</tbody>
</table>
5. **FAIR VALUE MEASUREMENTS, continued:**

Investments held for long-term purposes consist of U.S. government bonds, federal tax-exempt securities, corporate bonds, and equities.

Following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis and recognized in the accompanying consolidated statements of financial position, as well as the general classification of such instruments pursuant to the valuation hierarchy.

**Level 1 Fair Value Measurements**

*Equity Securities*—The fair value of these financial instruments is based on quoted market prices or dealer quotes.

**Level 2 Fair Value Measurements**

*Fixed income*—The fair value of these financial instruments is based on yields currently available on comparable securities of issuers with similar credit ratings.

**Level 3 Fair Value Measurements**—inputs consist of valuation methodologies with one or more unobservable inputs and have the lowest priority.

*Beneficial interest in third-party perpetual trusts*—The fair value of beneficial interest in perpetual trusts is determined by using the GSC’s percentage interest in the trust and the fair value of the trust as determined by the trustee.

The following tables provide further details of the Level 3 fair value measurements:

<table>
<thead>
<tr>

<td>650,000</td>
</tr>
<tr>
<td>Third-party perpetual trusts restricted for GSC ministry programs</td>
<td>3,085,359</td>
</tr>
<tr>
<td></td>
<td><strong>$ 11,297,574</strong></td>
</tr>
</tbody>
</table>
9. **NET ASSETS WITH DONOR RESTRICTIONS- RESTRICTED IN PERPETUITY, continued:**

   The GSC ministry programs represent restrictions that coincide with GSC's vision for ministry; church planting, and mission. Included within GSC ministry programs are donor restricted endowment funds, in which the corpus is held as net assets with donor restrictions- restricted in perpetuity and accumulated earnings that have not yet been appropriated are held as net assets with donor restrictions- restricted by purpose or time. Interest on the donor restricted funds are to be used for a variety of purposes, including missionary support, various RCA programs, and general and administrative support of GSC.

10. **ENDOWMENT FUNDS:**

    The GSC follows the *Reporting Endowment Funds* topic of the FASB ASC. This topic provides guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization and enhanced disclosure information to enable users of consolidated financial statements to understand the net asset classification, net asset composition, changes in net asset composition, spending policy, and related investment policy of its endowment funds.

    The GSC’s endowments consist of approximately 140 individual funds established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the board to function as endowments. As required by accounting principles generally accepted in the United States, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

    The GSC’s management has interpreted the full provisions of UPMIFA, requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary for the fiscal years ending September 30, 2020 and 2019. As a result of this interpretation, the GSC classifies as net assets with donor restrictions- restricted in perpetuity the original value of gifts donated to the permanent endowment at the time it is established and the original value of subsequent gifts made to the endowment fund.

    The remaining portion of the donor-restricted endowment fund that is not classified in net assets with donor restrictions- restricted in perpetuity is classified as net assets with donor restrictions- restricted by purpose or time until those amounts are appropriated for expenditure by the GSC in a manner consistent with the standard of prudence prescribed by UPMIFA.
10. ENDOWMENT FUNDS, continued:

In accordance with UPMIFA, the GSC considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the GSC and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the GSC
7. The investment policies of the GSC
8. In appropriate situations (i.e. underwater) to curtail or eliminate spending

The tables in this footnote do not include other net assets with donor restrictions- restricted in perpetuity that are held by a third-party and are not invested in the endowment fund.

Endowment net asset composition by type of fund as of September 30, 2020, consists of:

<table>
<thead>
<tr>
<th>Without Donor Restrictions</th>
<th>Accumulated Gains (Losses)</th>
<th>Original Gift</th>

<td>$5,949,934</td>
</tr>
</tbody>
</table>
10. ENDOWMENT FUNDS, continued:

FUNDS WITH DEFICIENCIES
From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor requires the GSC to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature are reported in net assets with donor restrictions. There were no deficiencies of this nature reported in net assets with donor restrictions as of September 30, 2020 and 2019.

RETURN OBJECTIVES AND RISK PARAMETERS
The GSC has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the GSC must hold in perpetuity or for a donor-specified period as well as board-designated funds. This policy includes performance guidelines, which are intended to provide quantifiable benchmarks to measure and evaluate portfolio risk and return. The methodology for determining portfolio performance is a time-weighted, total return basis. A blended measurement of 70% of the S&P 500 Stock Composite Index with dividends and 30% Bank of America MLC/G 1-10 Year Index is used as the benchmark index.

STRATEGIES EMPLOYED FOR ACHIEVING OBJECTIVES
To satisfy its long-term rate-of-return objectives, the GSC relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The GSC targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

SPENDING POLICY AND HOW THE INVESTMENT OBJECTIVES RELATE TO SPENDING POLICY
The GSC appropriates for distribution a percentage of the 20 quarter rolling average of the endowment fund’s fair value. The rate established for distribution was 5.0 percent for fiscal years 2020 and 2019. In establishing this policy, the GSC considered the long-term expected return on its endowment. This is consistent with the GSC’s objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return. Due to economic uncertainties from the COVID-19 pandemic, the GSC elected to not distribute the full 5.0 percent allowed in fiscal year 2020. The GSC distributed 4.0 percent in fiscal year 2020.

11. RETIREMENT PLAN:
The GSC offers a 403(b) defined contribution plan to all employees, which is administered by BOBS. The GSC contributes eleven percent of all eligible employees’ salaries to the 403(b) plan. For the years ended September 30, 2020 and 2019, the GSC contributed approximately $829,000 and $777,000, respectively, to employee accounts.
12. COMMITMENTS:
The GSC makes conditional grant commitments in advancement of its mission to fund church development projects through Church Multiplication programs. During fiscal years 2020 and 2019, the GSC made new conditional commitments totaling $618,500 and $160,000, respectively. Approximately $687,000 and $177,000 of conditional commitments are outstanding at September 30, 2020 and 2019, respectively.

13. LEASE OBLIGATIONS:
The GSC has various leases of office space and copier equipment. Lease expense for the years ending September 30, 2020 and 2019, was $193,398 and $200,095, respectively. The expected future lease payments are as follows:

<table>

14. RELATED PARTY TRANSACTIONS:
The GSC is related to certain organizations within the RCA under the ecclesiastical supervision of the General Synod through the GSC. There is a close working relationship among the GSC and these related organizations.

As a result, the GSC’s mission and purpose are unavoidably intertwined with those of the related agencies and there are numerous relationships with these parties. Those relationships include the sharing of certain employees included in shared service fees; combined funds in the GSC investments, the GSC’s management of those assets, and the potential for the GSC to invest in RCACGF’s debt securities; RCACGF grants made to the GSC; the sharing of office space, office supplies, computers, and other office resources; and the payment of retirement benefits to BOBS.

15. PAYCHECK PROTECTION PROGRAM LOAN:
The GSC obtained a Paycheck Protection Program loan administered by the Small Business Administration (SBA) under the U.S. Coronavirus Aid Relief and Economic Security (CARES) Act. This unsecured note, dated April 16, 2020, is in the amount of $1,347,600 with a fixed interest rate of 1%. The maturity date is April 16, 2022. Management intends to apply for loan forgiveness based upon the qualification outlined by the SBA in the respective loan agreement. As of September 30, 2020, the GSC has incurred $1,347,600 of eligible costs and have recognized the anticipated forgiveness as a contribution in accordance with ASU 2018-08. There is no outstanding balance as of September 30, 2020.
16. RISKS AND UNCERTAINTIES:

COVID-19
In March of 2020, the World Health Organization declared the outbreak of the coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States. COVID-19 has caused a severe negative impact on the world economy and has contributed to significant declines and volatility in financial markets. The duration and impact of the COVID-19 pandemic, as well as the effectiveness of government and central bank responses, remains unclear at this time. It is not possible to reliably estimate the duration and severity of these consequences, as well as their impact on the financial position and results of the GSC for future periods. Management is carefully monitoring the situation and evaluating its options as circumstances evolve.

VISION 2020
There are differences within the RCA regarding theology and ministry practices. As a way to address these issues and the disagreement surrounding them within the denomination, General Synod of June 2018 appointed a vision team to identify possible scenarios, strategies, and consequences for the following three future options for the RCA: (a) staying together, (b) radical reconstituting and reorganization of the denomination, or (c) grace-filled separation of the denomination. The vision group presented an interim report to General Synod of June 2019, with the intent to present a final report to the General Synod in June 2020. Due to the COVID-19 pandemic, the 2020 General Synod was postponed. The vision team released its final report, however due to this postponement, no action has been taken relating to the report. Depending on RCA churches view of the report and General Synod's ultimate action on it, there remains the possibility that some churches may leave the RCA. This could result in decreased assessment revenue and contributions to the GSC.

17. SUBSEQUENT EVENTS:
Subsequent events have been evaluated through January 26, 2021, which represents the date the consolidated financial statements were available to be issued. Subsequent events after that date have not been evaluated.
