

RCA Global Mission

2020 Year in Review

Grace Covenant Ministries – Kentucky

From Tommy Miracle, Manager of Campus Operations

Grace Covenant Ministries' (GCM) goal is to be the hands and feet of Jesus in the community. We do this by providing Bible camps, sports, art, and gymnastic camps, and programs for local youth in Jackson County, Kentucky. Our campus also meets the needs of Jackson County residents through two local thrift stores, a home-repair volunteer work program, a short-term homeless shelter, a school, a treatment center for at-risk boys, and a treatment center for men with substance addictions.

Blessings of 2020

We had a couple of outstanding moments in our ministry this past year. One was getting the opportunity to help move an elderly lady to a new home that was built for her. It was a joy to see the excitement on her face. The second was partnering with some local groups to distribute food to people in need. It was a pleasure to deliver food to one particular lady. She was unable to drive and get her box of food because she was taking care of a sick family member, so she was always very pleased to receive her delivery.

Challenges of 2020

One of the challenges we experienced this year was the state-mandated shutdown of our facilities. This shut down forced the layoff of all non-essential employees, but also encouraged us to seek out opportunities in the community.

This past year, the involvement of supporting churches has been mixed because of the COVID-19 crisis. We had to cancel a lot of projects and our mission groups had to cancel their trips. This brought mixed feelings for the community's needs and the mission groups' concerns about their health.

Hopes for 2021

In 2021, I pray that we can return to some normal activities and the ministry at hand.

How We Can Pray

Our community, like all other communities, could use prayer for health and safety from the on-going crisis of COVID-19.
