

Comparison of Installed Ministers and Those Serving Under Contract in the RCA (Used with permission from Rev. Howard Moths)

Two types of ministers may serve a local church:

- Ministers who receive a call approved by the classis and are installed in a local church at a classis meeting form one group.
- Ministers who serve churches under contact form another.

This distinction is particularly important when it comes to membership in the consistory and the dissolution of the pastoral relationship between a minister and a church. Installed ministers are members of the consistory; ministers who are serving under contract are not. The pastoral relationship between an installed minister and the church cannot be terminated without the approval of the classis as it states in the *Book of Church Order (BCO)*, Chapter 1, Part II, Article 15, Section 8 (2019 edition, p. 55); the termination of a minister under contract is determined by the provisions of the contract.

Installed ministers are further divided into two classifications: 1) solo or senior ministers, and 2) associate ministers. Ministers who serve churches under contract are divided into two classifications: 1) ministers serving on a temporary basis a church without an installed minister (may be named specialized transition ministers), and 2) assistant ministers serving on staff in a church (*BCO*, 1.II.7.4-6, 1.II.7.9, 1.I.2.8 [2019 edition, pp. 34, 35, 15]).
