

## Doug and Dianne McClintic

## PRAY

- For protection for Doug and Dianne as they travel throughout Europe. Pray that God will continue to raise up leaders and financial partners for these new ministries.
- That their church planting partnerships in eastern Hungary with the Hungarian Reformed Church would develop and expand.
- For the formation of Holland-to-Holland church planting partnerships between local RCA and CRC churches in Holland, Michigan, and church plants in the Netherlands.
- For the development of best practices for local churches to engage in the adventure of global church planting partnerships.

## About the ministry

Old cathedrals, beautiful yet empty, are scattered throughout European cities and landscapes. Today, with the days of the historic European church in the past, young people are expressing an openness to the gospel message through the presence of church planting movements.

Doug and Dianne McClintic help North American congregations partner with the next generation of European churches as they develop a strategy of local empowerment, collaboration, and evaluation. The McClintics provide support, strategic coordination, and expertise to congregations, classes, regional synods, and other agencies in their European church planting efforts.
