Projects to Make an Impact

How can we make a difference in our efforts to share the love of Christ? That question, along with how can our facilities be better utilized, is often asked by staff and board members.

An outdoor chapel and a special place for family-centered activities have often been cited as potential to improve our programs. Trinity Reformed of Pella, IA, and our staff have provided funds to start the drive for the chapel. Grants and gifts from individuals have provided the startup funds for the family center. Please consider a gift to one of these projects or our operational funds.

Your gifts do make an impact.

One of the views that will be seen from the outdoor chapel we are hoping to build in the future. A place to reflect on God's love for us.

The above images were some of the ideas that were presented by university students to the board on what an outdoor chapel could look like. Other possibilities include a gazebo or a pergola. Available funds will determine what type of structure will be built.

We are in the process of renovating the milk barn to provide a safe and caring space for our youth and their families. The building will house the Strengthening Families program whose vision is that all Kentucky children are healthy, safe, and prepared to succeed in school and life, through families that are supported and strengthened within their communities.

The roof on the building was replaced this year and other improvements will be made as additional funds arrive.

Would you like to receive these updates digitally? Please email Kelli at kgilmore@rca.org to be added to the email list. You will receive more timely updates from the missionary you support and help us be good stewards of our resources.

Making a Difference One Opportunity at a Time by Sharing the Love of Jesus!

Your support helps us make an impact. There are limited opportunities for the youth and their families in Jackson County. GCM strives to offer a safe place with activities for our community, while also sharing the love of Christ.

We love to see former campers come back and make an impact in our camps and community. This year, Natalie came back as an intern and blessed us with her leadership at camp. She, along with a friend, beautified our campus and community with various murals.

Emily, another former camper, leads our dance camps. This year, she invited ladies from a local nursing home to join the campers on their final day. The residents enjoyed a recital, and then a time for crafts and a meal with the campers. The day was a highlight for the residents and campers.

The work of volunteers is greatly appreciated. They help improve the living conditions for area residents and also help repair and improve our facilities.

Please contact us if you are interested in joining us. Two of the groups that were here this year are now pastored by former volunteers. We continue to hope that the impact that is made will continue for many years.

Sincerely,

Jake Moss and Thomas Miracle
