

Grace Covenant Ministries – Annville, Kentucky

A glimpse at what your support made possible:

We continue to be blessed with partners who help us to make a difference in the lives of our community. One of the recipients of the blessings this year was Betty. Betty is taking care of two sons, one with disabilities and another undergoing cancer treatments.

Betty's house needed major repairs. Volunteers, with the help of our staff and some donations from other partners, reworked Betty's kitchen with new flooring and new cabinets. The group also stepped up to help with other needs that were apparent. Betty and her sons were overwhelmed by the compassion that was shown to them. Betty stated, "We have never experienced such kindness before."

Another highlight in 2022 was having our campers who attended dance camp interact with senior citizens from area nursing homes. The campers did a presentation of what they learned at the camp. Then they did crafts and had a meal together. The interaction was a highlight of the summer for both the campers and the senior saints.

Betty in her "new" kitchen and dance camp students working with nursing home residents on a craft project.

Our challenges of 2022

Inflation affected our organization in a variety of ways. The prices paid for food and supplies created budget issues. We have some improvement projects on campus that we had to put on hold because of big price increases. Inflation creates burdens for the families we serve and also for our supporters.

Central College students leading youth outreach activities; Central College students working on a building improvement project on campus; Community Independence Day Celebration on campus.

Please pray

- Join us in giving thanks for volunteers who helped make a difference in the lives of individuals such as Betty and her family.
- We have room for more volunteer groups this year.
- That our campers will remember the joy of serving others and the other instruction they receive while attending camps.
- That we will be good stewards of the resources that we have been blessed to receive. As we look at the needs of our community and the resources available, join us in praying that we can discern God's leading.
