

Chad and Dara Vanden Bosch

PRAY

- For the participants of the “Growing with God” training program at New Harvest Farm as they learn biblical basics for agriculture and agroforestry.
- That the hearts of those living as subsistence farms will be open to being changed by God’s Word.
- For the more than 20 people employed by and mentored through Chad and Dara’s ministries, that they would know the love of Jesus.
- For wisdom, strength, and compassion to fill the compassionate care team as they serve severely ill patients.

About the ministry

As Chad Vanden Bosch walks on the dirt path through the fields, his steps kick up dust. This area of Mozambique hasn't seen rain in months, but the irrigation ponds are full, thanks to natural springs. At New Harvest Farm, crops are growing: pineapple plants, banana trees, peppers, tomatoes, and greens. In another field, black-eyed peas grow, enriching the soil with nitrogen while providing a crop. In an adjacent pasture, six speckled goats graze.

Extreme weather conditions in Mozambique make farming difficult, and many people can only focus on where to get their next meal. New Harvest Farm teaches resilient farming practices so farmers can better provide for their families. Chad and Dara serve in partnership with Audio Scripture Ministries, also providing palliative care and distributing audio Bibles. At the heart of everything they do is sharing the gospel in the language of people's hearts.
